Gentlemen:

This will acknowledge receipt of the proof of appropriation of water which you submitted in connection with Permit No. 6787, together with \$1.00 for recording the water right certificate. Official receipt No. 11415 covering this remittance is enclosed.

I am returning the proof for some additional information. You should completely fill out Paragraphs 8, 11, 12 & 13 and the Affidavit of Appropriator should be executed before a notary public.

The proof should then be returned to this office and if found in proper form a certificate will be issued.

Yours very truly,

RHEA LUPER,

Mr. C. Carman,
Clerk of School District No. 47,
Gaylord, Oregon.

Dear Sir:

The final proof in connection with Permit No. 6787 in the name of School District No. 47 was received in this office in May, 1929 together with a remittance of \$1.00 for recording the water right certificate when issued. With my letter of May 25th the proof was returned to H. D. Bones, Chairman, for a description of the pipe line and answers to some of the other questions in the proof and also the affidavit of appropriator at the bottom of the second page. With the proof my receipt No. 10025 was enclosed covering the remittance of \$1.00.

It is apparent from the statements made in your letter of January 13th that the proof has been misplaced or lost so I am enclosing a new blank to be filled out and signed before a Notary Public. When this form is received properly filled out and signed, the certificate confirming this water right will be issued.

Yours very truly,

RHEA LUPER
State Engineer
