

October 26, 1928.

Mr. C. Carman,
Gaylord,
Oregon.

Dear Sir:

If the notices of completion of construction and complete application of water under Permit #6787 were filled out and mailed to this office they were probably lost in the mail, because they were never received. They are not necessary, however, in view of the statements made in your letter of October 24th. All we require is proper notice that the terms of the permit with respect to these dates for completion of the development were complied with, and your letter gives that information.

You will find enclosed a blank for your convenience in executing final proof. This blank should be signed by a representative of your school district and two witnesses. When the proof has been properly filled out and signed, it should be returned to this office, accompanied by \$1.00 for recording the water right certificate in the county records.

Yours very truly,

LAS:H

Dear Sir: Replying to
your card of October 11, 1928 in
regard to permit No. 6878.

Mr. L. L. Strong who was clerk of
S. L. No. 47 of Coos Co. told me the
blank attached to the permit
was filled out and returned to
your office. Last October I filled
out and sent to your office a blank
sent me for that purpose.

The water was piped to the
school house about 3 years ago and
has been in use since then.

If you will send me another
blank I will fill it out to the best
of my ability, Yours, C Carman

Mr. H. D. Bones, Chairman,
School District No. 47,
Gaylord, Oregon.

Dear Sir:

It is necessary to return for completion the final proof in connection with Permit No. 6787. You should fill out all of the blanks in this proof which are applicable particularly paragraph 8 (e) which gives a description of the pipe line and paragraphs 11, 12 and 14. The affidavit at the bottom of the second page should then be made before a notary public and the proof returned to this office. My receipt No. 10025 is enclosed covering your remittance of \$1.00 for recording your certificate.

Yours very truly,
