Dear Madam:

This will acknowledge receipt of your letter of January 20, with which you enclosed Forms A, B and C, being notices of the beginning of construction, completion of construction, and complete application of water under your Permit No. 18444.

Pursuant to your reports and in line with the general practice of this office, a survey will be made at a later date for the purpose of checking the amount of water used as described in the permit. After this survey, proof may be made by you and certificate issued covering the actual use of water as found by the engineer.

In the meantime, the permit which you hold will be valid evidence of your water right.

Dear Sir:-

I'm sorry this was not mailed to you as I thought it had.

The work was started on these dates and was completed ~~some time~~ the 15th of Nov. 1949

I am a widow and work away from home so much of the time I hardly get a chance to attend to my duties as I should. I sincerely hope this will be O.K. And I'll get my water right.

Thanking you so much
