

Larry,
 tank pipe & valve were
 purchased last march,
 a drain ditch was also
 dug to drain surface
 water where tank is
 to be set. (on lake)

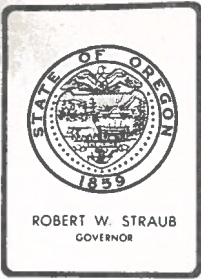

This tank has to
 be removed in winter
 because of high water
 and reset each spring.

Dodge

Thank you for bringing
 this to my attention

Dodge

RE: File No. 56380

Dear Mr. Smith:

I have received your notice of beginning of construction for your permit No. 42170.

Under the terms of your permit a substantial beginning of construction was to be made on or before November 14, 1978. Will you fill in the date portion of your form "A"? Also, have the valve and pipe you talk about been acquired?

Action has been suspended on your permit pending return of the form "A".

Sincerely,

Larry M. Toll
Water Rights Engineer

Dear Mr. Smith:

Your application numbered 56380 has been examined and is satisfactory for the issuance of a permit.

Permits will be issued for the use of water from the Coos River and its tributaries. However, water may not be available during dry periods. The water may be needed to satisfy existing rights or minimum flow standards.

Sincerely,

VESTAL R. GARNER
Water Rights Engineer

Dear Mr. Smith:

We have received your application for irrigation and stock along with the supporting data and fees. Our receipt number 63105 is enclosed. Your application has been filed and assigned number 56380 .

Because of the many applications which have been filed in recent months, we are temporarily behind in our processing. Your application will be examined in detail as soon as possible. We will contact you if we need any additional information.

The permit approving your application will be issued without further correspondence if no additional information is required. Thank you for your patience.

Sincerely,

Larry W. Jebousek
Administrator
Water Rights Division
