Roseburg, OR 97470

Dear Mr. Stimson:

This will acknowledge return of your application No. 49431 and the three subdivision plats. Your application has been reinstated and given a new date of priority as of March 21, 1973, when it was received.

You have amended item No. 12 on your application to indicate that you may not begin construction work until August 15, 1975. A permit, when issued approving your application, will contain a time limit for beginning construction work, which will be the date one year after the date of issuance of the permit and this date cannot be extended. If you do not intend to begin construction work until August 15, 1975, your application may have been submitted prematurely.

We can withhold action for a time towards issuance of the permit. However, if the application was actually submitted prematurely as indicated in item No. 12 of your application, you may request that your application No. 49431 be withdrawn. A new application could be submitted in the future describing your proposed project.

The permit, when issued, will also contain time limits for completion of construction and for completely applying the water to the intended use. The time limits for completion of construction work will be about two years after the date of issuance of a permit and the date for completely applying the water will be about three years after the date of issuance of the permit. The time limits for completion of construction for complete application of water may be extended by the State Engineer providing reasonable diligence is shown in the prosecution of work and providing a substantial beginning of construction work is made in the first year after the permit is issued.

We will hold action on your application for a reasonable length of time pending your reply.

Very truly yours,

WAYNE J. OVERCASH  
Assistant

Bert A. Stimson  
P.O. Box 1084  
Roseburg, OR 97470

Dear Mr. Stimson:

Since you have not returned your application numbered 49431 or replied to correspondence regarding it, it is assumed that you have reconsidered the matter of your proposed appropriation and decided to abandon it.

Unless we hear from you within thirty days from the date of this letter, your application will be rejected without further notice. The recording fee in the amount of \$15.00 will be returned; however, the examination fee in the amount of \$15.00 is required by law to be paid into the General Fund of the State and is, therefore, not returnable.

Very truly yours,

WAYNE J. OVERCASH  
Assistant

December 27, 1972

Bert A. Stimson  
P.O. Box 1084  
Roseburg, OR 97470

Dear Mr. Stimson:

Your application numbered 49431 which was returned to you for correction and completion, endorsed so that in order to retain its date of priority should have been received in this office on or before December 26, 1972, has not been received.

It has, therefore, lost its priority, but may be reinstated and given a new priority date as of the day it is again received.

Very truly yours,

WAYNE J. OVERCASH  
Assistant

49431

Mr. Bert A. Stimson  
P. O. Box 1084  
Roseburg, OR 97470

Dear Mr. Stimson:

This will acknowledge the return of your application numbered 49431, the drawing and the three subdivision plats.

The point of diversion must be located in Item Number 4 without using approximate figures. It is also necessary to show the location of your point of diversion on each of the subdivision plats submitted, along with noting the distances from the reference corner to the point of diversion to be in agreement with the information to be supplied in Item Number 4.

The acreage to be irrigated must be given in Item Number 8 without using an approximate figure. The number of acres to be irrigated must also be shown on each of the subdivision plats.

It is necessary to list domestic use in Item Number 8 with respect to the proper quarter-quarter section.

I am returning your application ~~and~~ the three subdivision plats for correction and completion. The application is endorsed so that in order to retain its priority date, it must be received in this office on or before December 26, 1972.

Very truly yours,

WAYNE J. OVERCASH  
Assistant

Bert A. Stimson  
P. O. Box 1084  
Roseburg, Oregon 97470

Dear Mr. Stimson:

This will acknowledge your application for a permit to appropriate 0.04 cubic foot of water per second from the North Umpqua River for the irrigation of an unspecified number of acres and domestic use for two families, being 0.02 cubic foot of water per second for irrigation and 0.02 cubic foot of water per second for domestic use. Also acknowledged are the three prints of Eagle Point Estates subdivision, a drawing showing lots 29 and 28 and fees in the amount of \$30.00 for which our receipt number 29560 is enclosed. Your application has been filed and numbered 49431.

The point of diversion must be located in item No. 4 by distances North or South and East or West from a government survey corner or a lot corner of the subdivision. It is necessary to further locate the point of diversion in the latter part of item No. 4 with respect to the proper quarter-quarter section. According to the prints of the subdivision submitted, your point of diversion may be located within the SW $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 19. If so, this information should be given in the latter part of item No. 4 instead of, "Eagle Point Estates."

The number of acres you intend to irrigate and domestic use must be listed in item No. 8 with respect to the proper quarter-quarter, section, township and range. According to your map, the place of use of water may be within the SW $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 19, Township 26 South, Range 4 West, W.M. If you agree, this information should be given in item No. 8 along with listing the number of acres to be irrigated and domestic use.

Bert A. Stimson  
August 11, 1972  
Page 2

I have added the quarter-quarter lines and designated the quarter-quarters on one of your subdivision plats. If you agree with the location of these lines and quarter-quarter sections, this information should be supplied on the other two subdivision plats.

It is necessary to further show on each of your subdivision maps the location of each house to be served water and the area to be irrigated along with noting the number of acres to be irrigated. The distances from the reference corner to the point of diversion must also be shown on the map to be in agreement with the information to be supplied in item No. 4 on the application.

I am returning your application along with the three subdivision plats and your drawing for correction and completion. Your application is endorsed so that in order to retain its priority date it must be received in this office on or before October 10, 1972.

Very truly yours,

Wayne J. Overcash  
Assistant
