WATER AVAILABILITY STATEMENT

Name of Applicant: Knife River Limited License Number: LL 1837

1. To your knowledge, has the stream or basin that is the source for this application ever been regulated for prior rights?

Yes No

If yes, please explain:

The source (Mine pond) is exposed groundwater caused by normal mining activities. From what I can tell, surface water is not being impounded in this hole. Groundwater has not been regulated in this area.

2. Based on your observations, would there be water available in the quantity and at the times needed to supply the use proposed by this application?

Yes No

This pond is filled with groundwater year round.

3. Do you observe this stream system during regular fieldwork?

Yes No

If yes, what are your observations for the stream?

I do not have first hand knowlege of the flows in nearby Cox Creek and it has not been regulated.

4. If the source is a well and if WRD were to determine that there is the potential for substantial interference with nearby surface water sources, would there still be ground water and surface water available during the time requested and in the amount requested without injury to existing water rights?

Yes No N/A

What would you recommend for conditions on a limited license that may be issued approving this application?

If approved, this limited license shall be junior to downstream users and may be cancelled if injury occurs.

5. Any other recommendations you would like to make?
