The partial assignments from Scott H. McKenzie to McKenzie Family Properties, LLC, a Limited Liability Company and Northwest Farm Credit Services, FLCA have been recorded in the records of the Water Resources Department.

The Departments records will now show McKenzie Family Properties, LLC, a Limited Liability Company, Northwest Farm Credit Services, FLCA, and Brian and Kyle Arriola as the permit holders of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt numbers 133341 and 133342 covering the recording fees are also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that Application G-13664, Permit G-13029, required complete application of water to the proposed use by October 1, 2020, and Application R-74011, Permit R-12096 and Application S-74012, Permit S-52994, required complete application of water to the proposed use by October 1, 2010. Within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, claims of beneficial use have not been received by the Department. This places the permits at risk of cancellation proceedings being started.

Sincerely,

Mary F. Bjork
