The assignment from Ryan Maxson, and Clark M. Firestone and Joan D. Firestone to Ryan Maxson, Clark M. Firestone and Joan D. Firestone, and Northwest Farm Credit Services, FLCA has been recorded in the records of the Water Resources Department.

The Departments records will now show Ryan Maxson, Clark M. Firestone and Joan D. Firestone, and Northwest Farm Credit Services, FLCA as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 133615 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that permits R-14609 and R-14610 required complete application of water to the proposed use by October 1, 2012, and permit S-54467 required complete application of water to the proposed use by October 1, 2013. Within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claims of beneficial use have not been received by the Department. This places the permits at risk of cancelation proceedings being started.

Sincerely,

Mary F. Bjork
