

**IMPORTANT**—This form is a notice to the Water Resources Director that permittee is ready to make final proof to the extent to which the water has actually been applied to the intended use under the terms of the permit. Permittee is cautioned that Certificate of Water Right will be issued based on the extent of the quantity and use as determined by the final proof inspection and survey which will be made in response to the filing of this Form C.

**NOTE:** In the case of an irrigation permit, this Form C should not be mailed to the Water Resources Department until all of the land described in the permit, which it is intended to irrigate under this permit at any time, has actually been irrigated.

Fill out, detach and mail to the Water Resources Department, Salem, OR 97310, when all of the water has been applied.

File No. 58371

Willi Geiger  
240 Crystal Springs Lane  
Roseburg, OR 97470

Dear Mr. Geiger:

Your application for permit to appropriate 0.185 cubic foot of water per second from Crystal Spring Creek and the Umpqua River for the irrigation of 14.8 acres has been filed as number 58371. Also received was four copies of a map, legal description, and fees in the amount of \$30.00 for which our receipt number 9379 is enclosed.

Also received was your authorization to cancel a part of permit numberd 36782 which is appurtenant to your lands.

Permits will be issued for the use of water from the Umpqua River and its tributaries, however, water may not be available during dry periods. The water may be needed to satisfy existing rights or minimum flow standards.

Your application is satisfactory and will be considered for issuance of a permit within 30 to 60 days.

Sincerely,

DONALD R. BUELL,  
Water Rights Engineer.
