This Final Order is issued pursuant to ORS 537.170(6) to (9) and OAR 690-310-0170 to 0190.

**FINDINGS OF FACT**

1. On August 15, 2019, Claremont Golf Club dba Claremont Civic Association submitted an application to the Department for a water use permit.
2. On August 11, 2020, the Department issued a Proposed Final Order recommending approval of the application. The protest period closed September 25, 2020 and no protest was filed.
3. The findings of fact in the Proposed Final Order are incorporated herein.
4. On December 11, 2020, the Department issued a Final Order approving Application R-88732 and Permit R-15449. Subsequently the Department discovered the December 11, 2020 Final Order erroneously stated in the Conclusion of Law #2 that the proposed use would impair or be detrimental to the public interest. The Conclusion of Law should state that the proposed use, as condition, would NOT impair or be detrimental to the public interest.

**Hearing Rights**

Under the provisions of ORS 537.170 and ORS 537.622, the applicant may request a contested case hearing by submitting the information required for a protest under ORS 537.153(6) or ORS 537.621(7) to the Department within 14 days after the date of mailing of this order as shown below. If a contested case hearing is requested, the Department must schedule one. In the contested case hearing, however, only those issues based on the modifications to the Proposed Final Order may be addressed. Only the applicant or protestant may appeal this order. (ORS 537.170(7)(b).

**Appeal Rights**

This is a Final Order in other than contested case. This order is subject to judicial review under ORS 536.075 and ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to OAR 137-004-0080 you may petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

5. Additionally, Permit R-15449 contained a scrivener's error in the volume of water to be stored in Reservoir 8. The attached permit has been corrected to reflect that Reservoir 8 will store 0.39 acre-foot of water.
6. Accordingly, pursuant to OAR 137-004-0080 (5), a superseding Final Order and Permit will be issued.

### CONCLUSIONS OF LAW

1. The conclusions of law in the Proposed Final Order issued August 11, 2020 are incorporated herein with the above modifications.

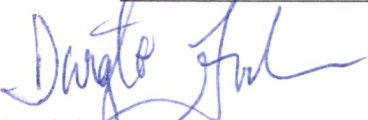

NOTE: When issuing permits, ORS 537.170(6) authorizes the Department to include provisions or restrictions concerning the use, control and management of the water to be appropriated for the project.

### ORDER

This Final Order and Permit supersede the August 11, 2020 Final Order and Permit R-15449, which are of no further force or effect.

Application R-88732 is approved and Permit R-15463 is issued.
