~~JAN 6 1997~~

STATE OF OREGON
COUNTY OF Josephine

CERTIFICATE OF WATER RIGHT (HB - 2153)

THIS CERTIFICATE ISSUED TO

RALPH K DUFFIN
27025 BONNIE CT
HEMET, CA 92544

confirms the right to store the waters of
SPRINGS, TRIBUTARIES OF EWE CREEK IN TWO RESERVOIRS
for FISH.

The right to store and use these waters was perfected under Reservoir Application R-76614.
The date of priority is January 1, 1993. The amount of water entitled to be stored and
used each year under this right is not more than 2.5 ACRE-FEET

Located as follows:

SW 1/4 SE 1/4 SECTION 31, TOWNSHIP 35 SOUTH, RANGE 6 WEST WM.

ORS 498.351 and ORS 509.605 through 509.625 provides that no person shall construct an artificial obstruction across a waterway in which anadromous, game or food fish exist unless that person provides a fishway deemed adequate by the Oregon Department of Fish and Wildlife (ODFW). If the subject pond is in-channel and fish are present, the certificate holder is directed to contact the ODFW Fish Passage Program Coordinator, P.O. Box 59, Portland, OR. 97207. If fish presence is in question, the certificate holder should contact the nearest ODFW Fish District office for a determination.

If water is to be diverted from an in-channel pond where fish are present, the certificate holder shall install, maintain and operate fish screening and by-pass devices as required by ORS 498.306 through ORS 498.346 and approved by ODFW. Contact the ODFW Fish Screening Program Coordinator, P.O. Box 59, Portland, OR. 97207. If fish presence is in question, the certificate holder should contact the nearest ODFW Fish District office for a determination.

The storage of water allowed herein is subject to the installation and maintenance of an outlet pipe, with a minimum diameter of 8", or the provision of other means to evacuate water when determined necessary for public safety or to satisfy prior downstream rights as determined by the Water Resources Director.

The right to store and use the water for the above purpose is restricted to beneficial use at the place of use listed above.

WITNESS the signature of the Water Resources Director, affixed JANUARY 6, 1997.

Martha O. Pagel

This Certificate is issued to correctly describe the above reservoir(s) and supercedes Certificate 70544

Recorded in State Record of Water Right Certificates numbered 73829

2153 MINIMUM APPLICATION REQUIREMENTS

HB 2153 NOTICES: (ORS 537.141(d))

1. Notice of Exempt Reservoir Form, including:
 - Source of water
 - max height of dam
 - max depth of reservoir
 - max volume of reservoir
2. Map showing the location of the reservoir and the Township, Range and Section.
3. Evidence that the reservoir existed prior to January 1, 1993; examples of evidence include:
 - notarized affidavit by landowner or other knowledgeable person
 - construction receipts
 - dated aerial photo

HB 2153 APPLICATIONS FOR PERMITS: (ORS 537.400(d))

1. Completed application for a Permit to Construct a Reservoir, with "HB 2153" written at the top
2. Fee: \$ 50
amount
3. Map showing the location of the reservoir and township range, and section
4. Evidence that the reservoir was constructed prior to 1993. (see above)
5. Land use information form completed by a county planning official (city official if inside city limits)

I ANITA McLOUD, S.W.R.B. SECTY certify that the above listed minimum

DEPARTMENT

NOTE TO LOCAL GOVERNMENTS

RECEIVED

JAN - 3 1992

WATER RESOURCES DLP
SALEM, OREGON

The person presenting the attached request for land use information is applying for a water right. The Water Resources Department (WRD) requires its applicants to obtain land use information to be sure water rights do not result in land uses that would violate your comprehensive plan.

WRD will not accept applications which are not accompanied by this completed land use form or the signed, dated receipt stub detached from the bottom of the land use information form.

You will receive notice once the applicant formally submits his or her request to WRD. The notice will give more detailed information about WRD's water rights process and comment opportunities. If you give the applicant the receipt stub in lieu of completing the form, you will have 30 days from the date of the notice mentioned above to complete the form and return it to WRD. If no land use information is received from you within that 30 day period, WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan.

Your attention to this request for information is greatly appreciated by both the applicant and WRD. If you have questions concerning the form, please contact WRD at 378-3739.

Commerce Building

FAX (503) 378-8130

Description of Water Use

Note to Applicant: This sheet will provide local planning staff with a basic description of your proposed water use. Please fill out this sheet before bringing the attached land use form to your local planning office. It will help local planning offices complete your land use information form quickly.

Note to Local Planning Officials: Please initial this sheet. Do not separate it from the land use information form. If needed, please make a separate copy for your records.

Applicant Name: _____
 Address: _____

 Phone: _____

JAN 3 1993
 WATER DISTRICT 31
 SALT LAKE COUNTY

Please indicate what you will use the water for. Check all boxes that apply and fill in the blanks with key characteristics of the project

- ☒ Irrigation (crop type, golf course, nursery or greenhouse): _____
- ☐ Livestock (type of livestock, feedlot, slaughterhouse): _____
- ☐ Residential (# units, single or multi-family, # lots if partition or subdivision): _____
- ☐ Commercial (i.e., retail, office, restaurant, gas station, hotel, service, etc.): _____
- ☐ Industrial (i.e., factory, pulp mill, research and development, processing, etc.): _____
- ☐ Institutional (i.e., school, library, etc.): _____
- ☐ Mining (aggregate, metal, open pit, placer, etc.): _____
- ☐ Recreation (park, campsite, pond, etc.): _____
- ☒ Fish and Wildlife (pond, hatchery, etc.): _____
- ☐ Hydropower (dam, reservoir, power generating or transmitting facilities): _____
- ☐ Other (Name and list key characteristics): _____

Indicate sources for the proposed water use below:	Indicate the estimated quantity of water the use will require.
☐ Surface Water Name sources: _____ _____ _____	_____ Cubic feet per second. _____ Gallons per minute. _____ Acre-Feet
☒ Reservoir or pond	
☐ Ground Water	

Land Use Information Form: Permits, Hydroelectric Licenses, Water Uses in Addition to Classified Uses

This information is needed to determine compatibility with local comprehensive plans as required by ORS 197.180. The Water Resources Department will use this and other information to evaluate the water use application. DO NOT FILL OUT THIS FORM IF water is to be diverted, conveyed, and/or used only on federal lands.

Applicant's Name: Ralph D. Sullivan
Address: 500 E. Main
City: Grants Pass State: Oregon Zip: 97520 Day Phone: _____

Please provide information as requested below for all tax lots on or through which water will be diverted or used. (Attach extra sheets as necessary.) Applicants for municipal use, or irrigation uses within irrigation districts, may substitute existing and proposed service area boundaries for the tax lot information requested below.

(CHECK ALL THAT APPLY)

TAX LOT LOCAL ID #	PLAN DESIGNATION/ZONING (e.g. Rural Residential/RR-5)	WATER DIVERTED	WATER CONVEYED	WATER USE
35-6-31	RR-5			
T-1000, 1006				

Please list all counties and cities within which water is proposed to be diverted, conveyed, and/or used.

The following section must be completed by a planning official from each county and city listed unless your project will be located entirely within the city limits. In this case, only the city planning agency must complete this form. Please request additional forms as needed.

For Local Government Use Only

Local planning officials are to complete the remainder of this form. If it cannot be completed while the applicant waits, sign and detach the receipt as instructed below. You will receive notice when the applicant's water right request is filed with the Water Resources Department (WRD). You will have 30 days from the notice date to return this completed land use form to WRD. If no land use information is received from you within that period, WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan.

a) Check the appropriate box below and provide requested information.

- ☒ Land uses to be served by proposed water uses (including proposed construction) are allowed outright or are not regulated by your comprehensive plan.
Cite applicable ordinance section(s); 61.020(A). Go to section b) on reverse side.
- ☐ Land uses to be served by proposed water uses (including proposed construction) involve discretionary land use approvals as listed in the table on the reverse of this form. **Note:** Please attach documentation of applicable local land use approvals which have already been obtained. (Record of Action plus accompanying findings is sufficient.)

Receipt for Request for Land Use Information

WRD Applicant Name: _____

This receipt must be signed by a local government representative and returned to the applicant for inclusion in the WRD application IF the local government cannot provide the above requested land use information while the applicant waits.

City or County: _____ Phone: _____

Daytime Phone No.

I (We) make application for a permit to construct Duffin Watering Hole reservoir and store the following described waters of the State of Oregon:

1. **SOURCE OF WATER** for the proposed use: Springs,
a tributary of Ewe Creek.
If not in channel of a stream, state how it is to be filled: _____

2. **THE DAM:** The maximum height of the structure will be 8 feet above stream bed or ground surface at the centerline.
The dam will be (check one) ☒ earthfill, _____ concrete, _____ flashboard, _____ other.
If "other" give description: _____

Give the location, description, and dimensions of the outlet conduit: _____

West end of the pond - It is a cement spillway
3 ft. opening

NOTE: All dams across natural stream channels must be provided with an outlet conduit, minimum diameter of 8", or be of such capacity and location as to pass the normal flow of the stream at any time.

3. **THE USE(s)** of the impounded water will be: Raising fish

Accept But
Need info
for both ponds

4. **THE AMOUNT OF WATER** to be stored is: 2.5 acre-feet.

The area submerged by the reservoir, when filled, will be 1/2 acres,
and the maximum depth of water will be 8 ft feet.

5. **SPILLWAY DESCRIPTION** (location and dimensions). State whether over or around the dam. Behind the dam. 3' x 2 1/2' Concrete spillway

6. **PROJECT SCHEDULE:** (List month and year)

Proposed date construction work will begin 1970

Proposed date construction work will be completed 1970

Proposed date water use will be completed 1970

NOTE: Prior to issuance of a permit, it will be necessary to submit a map prepared by a Certified Water Right Examiner (CWRE) and a complete legal description of the property on which the water is to be used. The legal description may be copied from your deed, title insurance policy, or land sales contract.

7. a) In the event any deficiencies are noted involving the application map enclosed herein, please return the map with instructions for correction to (check one):

☒ Applicant ☐ CWRE ☐ Other (Identify in REMARKS section)

b) In the event any deficiencies are noted involving the application, please return the application with instructions for correction to (check one):

RESOURCES
DEPARTMENT

RALPH K DUFFIN

27025 BONNIE CT
HEMET, CA 92544

REFERENCE: File # R-76614;

We have received your application(s) for a water use permit along with your supporting data, documentation, and fees. A receipt is enclosed here unless you were previously issued one. Your application has been assigned the above referenced file number. Please refer to this number whenever you contact us about your application.

Your application will be considered under House Bill 2153 enacted by the 1993 Oregon Legislature. You may continue the storage of water while a decision is pending on your application.

After an application has been accepted for filing, public notification of the application is made, followed by a mandatory 30-day comment period. Thereafter, applications can be considered for processing as time allows.

At present the Water Resources Department has a backlog of several thousand applications for water use permits which has delayed our application processing time. In general, the Department works through Oregon's 18 river basins on a rotating schedule, processing applications in the order in which they have been received.

The processing of an application does not guarantee that a water right permit will be issued. Each application must undergo specialized analysis called a technical review and a public interest review. Until your application is reviewed, it is not possible to determine whether your particular proposed water use will be recommended for a permit.

Technical Reviews are processed in accordance with Oregon Administrative Rules. The Water Resources Commission is considering the adoption of rules to protect stream flows for fish species. This action is being contemplated in response to current and future Endangered Species Act fish listings, including many runs of salmon, steelhead and resident fish throughout the state.

REFERENCE: File # R-76614;

We have received your application(s) for a water use permit along with your supporting data, documentation, and fees. A receipt is enclosed here unless you were previously issued one. Your application has been assigned the above referenced file number. Please refer to this number whenever you contact us about your application.

Your application will be considered under House Bill 2153 enacted by the 1993 Oregon Legislature. You may continue the storage of water while a decision is pending on your application.

After an application has been accepted for filing, public notification of the application is made, followed by a mandatory 30-day comment period. Thereafter, applications can be considered for processing as time allows.

At present the Water Resources Department has a backlog of several thousand applications for water use permits which has delayed our application processing time. In general, the Department works through Oregon's 18 river basins on a rotating schedule, processing applications in the order in which they have been received.

The processing of an application does not guarantee that a water right permit will be issued. Each application must undergo specialized analysis called a technical review and a public interest review. Until your application is reviewed, it is not possible to determine whether your particular proposed water use will be recommended for a permit.

Technical Reviews are processed in accordance with Oregon Administrative Rules. The Water Resources Commission is considering the adoption of rules to protect stream flows for fish species. This action is being contemplated in response to current and future Endangered Species Act fish listings, including many runs of salmon, steelhead and resident fish throughout the state.

REFERENCE: File(s) - R-76614

The proposed rules, if adopted, could limit the issuance of new water right permits in certain areas of the state. If and when the Commission adopts these rules, new criteria or restrictions may be imposed on water use applications received after:

July 17, 1992, for use of water in the Upper Columbia/Snake Basin (above Bonneville Dam), including the mainstem Columbia and Snake Rivers and the Hood, Deschutes, John Day, Umatilla, Grande Ronde, Powder, Malheur and Owyhee Basins;

April 8, 1994, for use of water in the North Coast, Mid Coast, South Coast, Rogue and Umpqua Basins and the Clackamas Subbasin of the Willamette Basin; and

June 3, 1994, for use of water in all Oregon basins.

When the report on the technical review is completed and sent to you, a 60-day objection period begins during which you, the applicant, or anyone who has expressed an interest in your proposed water use may communicate to us their disagreement with what we have said in our report on your application. After the 60-day objection period, the Department conducts the public interest review and considers any objections which have been made.

After any objections have been considered, there may follow time to allow parties to resolve conflicts over the proposed water use. In addition, a 30-day protest period may be required. Lastly, it may be necessary to schedule a hearing or send the application to the Water Resources Commission for their review.

If your application is recommended for approval and a permit is issued, the use allowed by the permit will be subject to the Basin Program Rules of the Water Resources Commission, instream flow requirements, the demands of prior right holders and other conditions to conform the water use to particular standards.

Please contact a Water Rights Research Assistant of the Water Resources Department if you have any questions. You may write to us at 158 12th ST NE, Salem, Oregon 97310 or you may call 378-3739 in Salem or toll free from within the state 1-800-624-3199.
