Oregon Department of State Lands  
775 Summer Street, NE, Suite 100, Salem, OR 97301-1279

The Department of State Lands (DSL) conducts *offsite* wetland determinations upon request. There is no fee for this service. An offsite determination consists of reviewing wetlands and soils maps, aerial photos and other information to determine if wetlands or other regulated water bodies (such as creeks) are present, likely to be present, or unlikely to be present. Only an *onsite* check can verify whether or not there are regulated wetlands on a site. As time allows, DSL staff may be able to conduct a site visit to verify an offsite determination. Please allow 2-3 weeks for an initial response.

If wetlands are present or likely to be present on a parcel or near a project area, a wetland delineation by a qualified wetland consultant may be needed. Wetland delineation reports and the required fee should then be submitted to DSL for review and agency approval.

**Please provide the following information:**

1. Vicinity map (like a city map) with the precise parcel location indicated.
2. Large scale map (1" = 100' if possible) of the parcel showing existing buildings, property boundaries, any creeks and other features. An annotated tax assessor's map is fine, and a hand-drawn map is acceptable.
3. City, County, and site address. Please fill in below.  
City \_\_\_\_\_ (or nearest town if outside City limits)  
County \_\_\_\_\_  
Site address \_\_\_\_\_ (or nearest cross streets if no address)
4. Township, Range, Section, Quarter/Quarter Section and Tax Lot number(s) (Tax Map number is equivalent). Please fill in below.
