The assignments by proof from Edward St. George to Kirk Giudici has been recorded in the records of the Water Resources Department.

The Departments records will now show Kirk Giudici as the permit holder of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt numbers 134573, 134574, and 134575 covering the recording fees is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that Permit R-14844 and Permit R-14845 required complete application of water to the proposed use by April 13, 2015, and Permit R-14875 required complete application of water to the proposed use by September 3, 2015, and within one year after complete application of water to the proposed use, a claim of beneficial use shall be submitted. As of this date, the claims of beneficial use have not been received by the Department. This places this permits at risk of cancelation proceedings being started.

Sincerely,
