Dear Mr. Kennedy:

This will acknowledge your letter dated October 18, 1971, in regards to water right permit number 22295 in the name of G. T. Kennedy.

The right perfected under the permit has been confirmed by the certificate of water right recorded at page 20623, Volume 15, State Record of Water Right Certificates.

A perfected right as evidenced by a certificate is appurtenant to the land described and travels with that land at time of sale, so no assignment is considered necessary.

There is no statutory provision for reissuing certificates to show subsequent owners of the property.

Very truly yours,

MYRON V. BISH  
Assistant

Dear Mr. Kennedy:

This will acknowledge receipt of your notice to the effect that complete application of water has been made under Permit No. 22295.

Pursuant to your notice and in line with the general practice of this office, a survey will be made at a later date for the purpose of checking the acreage actually irrigated. After this survey, proof may be made and certificate issued covering the lands which the survey shows to have been irrigated, and any lands described in the permit that have not been irrigated will be automatically eliminated from the water right.

In the meantime, the permit which you hold will be valid evidence of the water right.

Very truly yours,
