NOTICE OF CERTIFICATE ISSUANCE

The Department received information regarding errors contained in an existing water right of Certificate. These errors are brought to the attention of Water Right Staff in effort to correct and improve our records. We have contacted the County Assessor's Office and obtained your name as the current owner of the land involved in the Right. Attached is a certificate that corrects the description the water right. The water right is limited to a specific amount of water, but not more than can be beneficially used for the purposes stated within the certificate.

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within **60 days of the mailing date stated above** as specified by ORS 183.484(2).

This statement of judicial review rights is required under ORS 536.075; it does not alter or add to existing review rights or create review rights that are not otherwise provided by law.

Oregon law does not allow the Director to reissue a certificate because of a change in the ownership of the appurtenant place of use. The water must be controlled and not wasted. To change the location of the point of diversion, the character of use, or the location of use requires the advance approval of the Water Resources Director.

If any portion of this water right is not used for five or more consecutive years, that portion of the right may be subject to forfeiture according to ORS 540.610. Land enrolled in a Federal Reserve Program is not subject to forfeiture during the period of enrollment. Other exceptions to forfeiture are explained in ORS 540.610.

If you have any questions please contact Steve Brown at 503-986-0809.

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

STATE OF OREGON
COUNTY OF LANE

CERTIFICATE OF WATER RIGHT (HB - 2153)

THIS CERTIFICATE ISSUED TO

HOWARD N JOHNSON
JOHNSON, JOANNE
36883 PARSONS CREEK RD
SPRINGFIELD, OR 97478

confirms the right to store the waters of AN UNNAMED SPRING, A TRIBUTARY OF PARSONS CREEK for IRRIGATION AND WILDLIFE.

The right to store and use these waters was perfected under Reservoir Application R-75903. The date of priority is January 1, 1993. The amount of water entitled to be stored and used each year under this right is not more than 7.0 GALLONS PER MINUTE.

Located as follows:

SE 1/4 NE 1/4 SECTION 10, TOWNSHIP 16 SOUTH, RANGE 2 WEST, WM.

The storage of water allowed herein is subject to the installation and maintenance of an outlet pipe, with a minimum diameter of 8", or the provision of other means to evacuate water when determined necessary for public safety or to satisfy prior downstream rights as determined by the Water Resources Director.

THIS CERTIFICATE IS ISSUED TO CORRECTLY DESCRIBE THE LOCATION OF THE RESERVOIR AND SUPERSEDES CERTIFICATE 69894.

R-75903.LHN

CERTIFICATE NUMBER 81366

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to store and use the water for the above purpose is restricted to beneficial use at the place of use listed above.

Issued MAY 26, 2005.

Phillip C. Ward, Director
Water Resources Department

WATER RESOURCES DEPARTMENT

Application for a Permit to Appropriate Surface Water

Applicant(s) Howard N. & JoAnne Johnson

(Please print or type - use dark ink)

Mailing Address: 36883 Parsons CK RdSpfld

City

OR

State

97478

Zip

933-2502

Daytime Phone No.

I (We) make application for a permit to appropriate the following described waters of the State of Oregon:

1. **SOURCE OF WATER** for the proposed use: Small creek,
a tributary of Parsons CK.
2. **TOTAL AMOUNT OF WATER** to be applied to beneficial use: _____ cubic feet per second, **OR** intermittently 5-7 gallons per minute. If water is to be used from more than one source, give the quantity of water from each: _____
3. **INTENDED USE(s) OF WATER:** water yard, flowers, small pond.

If for more than one use, give the quantity of water from each source for each use; _____

If for **DOMESTIC** use, state the number of households to be supplied; _____If for **MUNICIPAL OR QUASI-MUNICIPAL** use, state the present population to be served, and an estimate of the future requirements; (List population projections, water needs, anticipated areas to be provided water.)

_____If for **MINING** use, state the nature (gold, silver, etc.) of the mines to be served; _____If for **IRRIGATION**, or other land area use, state the **TOTAL** number of acres to be developed under each use;

Irrigation _____

Other (describe) _____

4. **DESCRIPTION OF WATER DELIVERY SYSTEM:** Include dimensions and type of construction of diversion works, length and dimensions of supply ditches or pipelines, size and type of pump and motor. If for irrigation, describe the type of system (i.e., flood, wheel line, hand line, drip, other).

Gravity flow system

2" pipe - 600' with shut off valves.

garden hose connected to valve in pipe

Pipe ends at small pond.

5. **PROJECT SCHEDULE:** (List month and year)

Proposed date construction work will begin _____

Proposed date construction work will be completed _____

Proposed date water use will be completed _____

NOTE: A map prepared by a Certified Water Right Examiner (CWRE) and a complete legal description of the subject property are required under ORS 537.140 and OAR 690 as a part of your application. The legal description may be copied from your deed, title insurance policy, or land sales contract.

6. a) In the event any deficiencies are noted involving the application map enclosed herein, please return the map with instructions for correction to (check one):

☒ Applicant _____ CWRE _____ Other (Identify in REMARKS section)

- b) In the event any deficiencies are noted involving the application, please return the application with instructions for correction to (check one):

☒ Applicant _____ CWRE _____ Other (Identify in REMARKS section)

7. Are all lands involved (including the proposed diversion site, place of use, and access for conveying the water) under your ownership? YES. If not, list in the REMARKS section below, or on an attached sheet, the names and mailing addresses of the legal owners of all property involved in the proposed development.

REMARKS:

Water would be used during summer for flowers; yard - (25x70); garden (some seasons - not every year) - 25x25. Add to top off small pond. Pipe shut off when water not in use.

Water line was already existing to house & yard, garden when property was purchased in 4/67. House is 67 years old. We now have a well for drinking / cooking water. Have maintained line from Small Creek to water yard & flowers when summers get dry; & to top off water that comes into a naturally occurring low area that we have deepened; holds less than 9 aches - feet of water has about an 8-foot dam.

I/We certify that the information I have provided in this application is an accurate representation of the proposed water use and is true and correct to the best of my knowledge:

APPLICATION NO: R-75903

PERMIT NO: _____

January 11, 1995

HOWARD N^I JOHNSON^I
JOHNSON,JOANNE^I
36883 PARSONS CREEK RD
SPRINGFIELD, OR 97478

REFERENCE: File # R-75903;

We have received your application(s) for a water use permit along with your supporting data, documentation, and fees. A receipt is enclosed here unless you were previously issued one. Your application has been assigned the above referenced file number. Please refer to this number whenever you contact us about your application.

Your application will be considered under House Bill 2153 enacted by the 1993 Oregon Legislature. You may continue the storage of water while a decision is pending on your application.

After an application has been accepted for filing, public notification of the application is made, followed by a mandatory 30-day comment period. Thereafter, applications can be considered for processing as time allows.

At present the Water Resources Department has a backlog of several thousand applications for water use permits which has delayed our application processing time. In general, the Department works through Oregon's 18 river basins on a rotating schedule, processing applications in the order in which they have been received.

The processing of an application does not guarantee that a water right permit will be issued. Each application must undergo specialized analysis called a technical review and a public interest review. Until your application is reviewed, it is not possible to determine whether your particular proposed water use will be recommended for a permit.

Technical Reviews are processed in accordance with Oregon Administrative Rules. The Water Resources Commission is considering the adoption of rules to protect stream flows for fish species. This action is being contemplated in response to current and future Endangered Species Act fish listings, including many runs of salmon, steelhead and resident fish throughout the state.

REFERENCE: File(s) - R-75903

The proposed rules, if adopted, could limit the issuance of new water right permits in certain areas of the state. If and when the Commission adopts these rules, new criteria or restrictions may be imposed on water use applications received after:

July 17, 1992, for use of water in the Upper Columbia/Snake Basin (above Bonneville Dam), including the mainstem Columbia and Snake Rivers and the Hood, Deschutes, John Day, Umatilla, Grande Ronde, Powder, Malheur and Owyhee Basins;

April 8, 1994, for use of water in the North Coast, Mid Coast, South Coast, Rogue and Umpqua Basins and the Clackamas Subbasin of the Willamette Basin; and

June 3, 1994, for use of water in all Oregon basins.

When the report on the technical review is completed and sent to you, a 60-day objection period begins during which you, the applicant, or anyone who has expressed an interest in your proposed water use may communicate to us their disagreement with what we have said in our report on your application. After the 60-day objection period, the Department conducts the public interest review and considers any objections which have been made.

After any objections have been considered, there may follow time to allow parties to resolve conflicts over the proposed water use. In addition, a 30-day protest period may be required. Lastly, it may be necessary to schedule a hearing or send the application to the Water Resources Commission for their review.

If your application is recommended for approval and a permit is issued, the use allowed by the permit will be subject to the Basin Program Rules of the Water Resources Commission, instream flow requirements, the demands of prior right holders and other conditions to conform the water use to particular standards.

Please contact a Water Rights Research Assistant of the Water Resources Department if you have any questions. You may write to us at 158 12th ST NE, Salem, Oregon 97310 or you may call 378-3739 in Salem or toll free from within the state 1-800-624-3199.

Sincerely,

Mr. Cory C. Engel

NOTE TO LOCAL GOVERNMENTS

Application No *R-75903*
Permit No.

The person presenting the attached request for land use information is applying for a water right. The Water Resources Department (WRD) requires its applicants to obtain land use information to be sure water rights do not result in land uses that would violate your comprehensive plan.

WRD will not accept applications which are not accompanied by this completed land use form or the signed, dated receipt stub detached from the bottom of the land use information form.

You will receive notice once the applicant formally submits his or her request to WRD. The notice will give more detailed information about WRD's water rights process and comment opportunities. If you give the applicant the receipt stub in lieu of completing the form, you will have 30 days from the date of the notice mentioned above to complete the form and return it to WRD. If no land use information is received from you within that 30 day period, WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan.

Your attention to this request for information is greatly appreciated by both the applicant and WRD. If you have questions concerning the form, please contact WRD at 378-3739.

Description of Water Use

Note to Applicant: This sheet will provide local planning staff with a basic description of your proposed water use. Please fill out this sheet before bringing the attached land use form to your local planning office. It will help local planning offices complete your land use information form quickly.

Note to Local Planning Officials: Please initial this sheet. Do not separate it from the land use information form. If needed, please make a separate copy for your records.

Applicant Name: Howard N. & JoAnne Johnson
 Address: 36883 Parsons Ck Rd
Spfld., OR. 97478
 Phone: 933-2502

Please indicate what you will use the water for. Check all boxes that apply and fill in the blanks with key characteristics of the project

- ☒ Irrigation (crop type, golf course, nursery or greenhouse): Water yard; garden (25'x25')
L (25'x60')
- ☐ Livestock (type of livestock, feedlot, slaughterhouse): _____
- ☐ Residential (# units, single or multi-family, # lots if partition or subdivision): _____
- ☐ Commercial (i.e., retail, office, restaurant, gas station, hotel, service, etc.): _____
- ☐ Industrial (i.e., factory, pulp mill, research and development, processing, etc.): _____
- ☐ Institutional (i.e., school, library, etc.): _____
- ☐ Mining (aggregate, metal, open pit, placer, etc.): _____
- ☒ Recreation (park, campsite, pond, etc.) Small pond for wildlife
- ☒ Fish and Wildlife (pond, hatchery, etc.) deer, birds etc
- ☐ Hydropower (dam, reservoir, power generating or transmitting facilities): _____
- ☐ Other (Name and list key characteristics): _____

Indicate sources for the proposed water use below:	Indicate the estimated quantity of water the use will require.
☒ Surface Water Name sources: <u>Small creek</u> _____ _____	_____ Cubic feet per second. <u>5-7</u> Intermittently _____ Gallons per minute. _____ Acre-Feet
☐ Reservoir or pond	
☒ Ground Water	

Land Use Information Form: Permits, Hydroelectric Licenses, Water Uses in Addition to Classified Uses

This information is needed to determine compatibility with local comprehensive plans as required by ORS 197.180. The Water Resources Department will use this and other information to evaluate the water use application. DO NOT FILL OUT THIS FORM IF water is to be diverted, conveyed, and/or used only on federal lands.

Applicant's Name: Howard N. Johnson
Address: 36883 Parsons ck Rd
City: Spfld. State: OR Zip: 97478 Day Phone: 933-2502

Please provide information as requested below for all tax lots on or through which water will be diverted or used. (Attach extra sheets as necessary.) Applicants for municipal use, or irrigation uses within irrigation districts, may substitute existing and proposed service area boundaries for the tax lot information requested below.

(CHECK ALL THAT APPLY)

TAX LOT LOCAL ID #	PLAN DESIGNATION/ZONING Rural Residential/RR-5)	(e.g.)	WATER DIVERTED	WATER CONVEYED	WATER USE
<u>1601</u>	<u>RR-5 / RCP</u>		<u>Lane</u>	<u>Lane</u>	<u>Lane</u>

Please list all counties and cities within which water is proposed to be diverted, conveyed, and/or used.

The following section must be completed by a planning official from each county and city listed unless your project will be located entirely within the city limits. In this case, only the city planning agency must complete this form. Please request additional forms as needed.

For Local Government Use Only

Local planning officials are to complete the remainder of this form. If it cannot be completed while the applicant waits, sign and detach the receipt as instructed below. You will receive notice when the applicant's water right request is filed with the Water Resources Department (WRD). You will have 30 days from the notice date to return this completed land use form to WRD. If no land use information is received from you within that period, WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan.

a) Check the appropriate box below and provide requested information.

☒ Land uses to be served by proposed water uses (including proposed construction) are allowed outright or are not regulated by your comprehensive plan.
Cite applicable ordinance section(s): L.S. 16.231(2)(a) Go to section b) on reverse side.

☐ Land uses to be served by proposed water uses (including proposed construction) involve discretionary land use approvals as listed in the table on the reverse of this form. **Note:** Please attach documentation of applicable local land use approvals which have already been obtained. (Record of Action plus accompanying findings is sufficient.)

Receipt for Request for Land Use Information

WRD Applicant Name: _____

This receipt must be signed by a local government representative and returned to the applicant for inclusion in the WRD application IF the local government cannot provide the above requested land use information while the applicant waits.

RE: Application for Permit #R75903, Howrd Johnson
Parsons Cr., Lake Co., Irrigation & Wildlife

WaterWatch has reviewed the limited amount of information contained in the public notice of this water right application. Based upon that information, WaterWatch raises the following issues, questions, and concerns:

Is there unappropriated water available for this proposed use? Does the Department have adequate data to accurately determine the 50% and 80% exceedence levels?

What effect will this proposed use have on instream flows necessary to protect the public's interest in fish, wildlife, recreation, and a healthy aquatic system?

This water source may suffer from water quality problems. Has the Department consulted with the Department of Environmental Quality to determine the effect this proposed withdrawal will have on water quality?

If this water source provides habitat to native fish during any phase of their life cycle, WaterWatch requests that the Department include conditions requiring the installation and maintenance of fish screening and bypass devices prior to any diversion of water.

Will this proposed diversion require a dredge & fill permit from the U. S. Army Corps. of Engineers, a fill and removal permit from the Division of State Lands, or a 401 certificate from the Department of Environmental Quality?

Will this proposed use be compatible with Goal 5 elements of the local comprehensive plan?

It is a high priority of the state to eliminate waste and improve the efficiency of water use. Statewide policy also calls upon water users to use and maintain their water systems in a manner consistent with the state's priority. What conditions are proposed for this permit that will carry out and encourage compliance with state policy?

This is apparently an existing illegal use. Will the continued use without a permit cause harm to existing water rights and the public interest?

Please send WaterWatch a copy of the department's technical review of this application.

Sincerely,

Jim Myron

MINIMUM APPLICATION REQUIREMENTS TO FILE:

HB 2153 - existing, small, EXEMPT ponds

(date & initials) NOTICE OF EXEMPT RESERVOIR form (or letter
if prior to April 8, 1994).

Appropriate map (see item 1 on form).

Evidence that reservoir existed before
January 1, 1993 (one or more of the following: dated aerial
photo, NOTARIZED affidavit, dated map from agency, construction
receipts or other documentation).

Items 2, 3, 4, 5, and 6 are completed.

Signature (and title, if applicable)

HB 2153 - non-exempt existing ponds (large, on-channel)

Complete Minimum Requirements to File on reverse, except before
routing to Data Center, change priority date to 1/1/1993. Also,
confirm the following:

Receipt of evidence that reservoir existed
before January 1, 1993 (one or more of the following: dated
aerial photo, NOTARIZED affidavit, dated map from agency,
construction receipts or other documentation)

**HB 2107 - wetland, stream restoration and storm water
management**

Complete Minimum Requirements to File on reverse **EXCEPT DO NOT
ROUTE TO DATA CENTER, BUT DO ROUTE TO CAROL.** Also confirm the
following:

Name/address of adjacent property owner
within 1/4 mile

Map with scale not less than 2 in.=1 mi.
