April 19, 1916.

Mr. Walter E. Morris,

Post, Oregon.

Dear Sir,-

Your letter to Mr. Lewis has been referred to this office for reply. Through inadvertence, the \$1.00 certificate fee paid under your Permit No. 1 was not credited on the proof at the same time that the payment for Permit E 56 was credited, and a second request was erroneously made. I am returning the \$1.00 fee recently paid by you, and wish to thank you for calling attention to this error.

Very respectfully,

Secretary.

SALEM,

Mr. John H. Lewis,
Salem, Oregon.

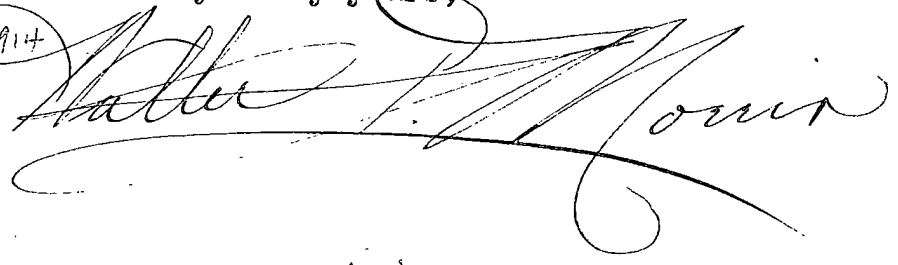

Dear Sir:

On Dec. 1, 1915, you wrote me a letter asking that I mail you \$1.00 which sum was for recording my final water right certificate, permit No. 1. and on Jan. 18, 1916 I mailed the \$1.00. Today I was looking over my correspondence and found that I had paid your office \$2.00 for recording final certificates for permits Nos. 1 and 56, and that on May 23, 1914 you acknowledged receipt of the \$2.00, and by looking at my certificates I find certificate for permit No. 1 was recorded with the county clerk Warren Brown, on Oct. 1 1914, and certificate for permit No 56. was recorded with Mr. Brown Sept. 24, 1914.

Now, it appears that there has been a slight mistake somewhere and that your office is oweing me \$1.00.

Thanking you in advance for correcting this little matter and for past favors rendered, I am,

Permit No. 1.

Dec. 1, 1915.

Mr. Walter P. Morris:

Post, Oregon.

Dear Sir:

Your proof of appropriation of water under your permit No. 1 is being held in this office awaiting the payment of \$2.00 fees required by law for recording the final water right certificate. This final water right certificate is issued by the State Water Board and the law requires the Board to cause the same to be recorded in the office of the County Clerk of your county upon the payment of the \$2.00 recording fee. I trust that you will transmit the required fee at this time in order that the records of your water right may be complete.

Very respectfully,

Mr. Walter F. Morris;

Post, Ore.

Dear Sir,-

Your proof of appropriation of water under Permit No. 1 has been held in this office for some time, pending the receipt of the \$1.00 recording fee required by law, before certificate can be issued. If you will send money order or check for this amount, final water right certificate will be issued, recorded in the office of the County Clerk, and then sent to you. This certificate will be to your water what a deed is to your land, and is the final record of your water right.

Very respectfully,

Secretary.

Mr. Walter T. Morris,

Post, Oregon.

Dear Sir:

I have yours of recent date, in regard to changing the land to be irrigated under your permit No. 1, application No. 17. I hardly see how this change could be made without considerable difficulty, especially on the map filed in this office. I would, therefore, suggest that you file an enlargement application, covering the additional land you desire to irrigate and indicate such land on the enclosed township plat, and upon receipt in this office the information will be transferred to the map on file and the enlargement application promptly approved, in order that it may be available for proof on your desert claim. I trust this will be satisfactory to you, but if not, I have no doubt the necessary changes can be made in the application. The additional fee for filing this permit will be a \$3.00 examination fee and a \$1.50 filing and recording fee for ten acres.

Very respectfully,

State Engineer.

Mr. John H. Louis,
State Engineer,
Salem, Oregon.

Dear Sir:

In making final proof on my D.L.E. for the E 1/2 NE 1/4, Sec. 35. T. 17 S., R. 21 E., W. M., I find it necessary to use all the water I am entitled to under my permit, on the above described 80 acres, and therefore I am returning my permit to you to be changed to read as follows: 30 acres in the SE 1/4 NE 1/4 and 10 acres in the NE 1/4 NE 1/4, Sec. 35. T. 17 S., R. 21 E., W. M., (this area falls under my ditch as shown on the maps in this case) leaving out the 15 acres in the SE 1/4, Sec. 35. T. 17 S., R. 21 E., W. M.

The Assistant Commissioner of the General Land Office requires that this change be made in the permit and that your seal be attached thereto, before he will issue a patent for the above described land.

I shall greatly appreciate it if you can change my permit in this manner and attach thereto your official seal and return it to me at once, that I can forward it to the Assistant Commissioner.

Very truly yours,

(Permit enclosed herewith)

Mr. John H. Louis,
State Engineer,
Salem, Oregon.

Dear Sir:

As soon as I recieved my permit -No. 1.)- to use water from Pine Creek on my D.L.E. for the E 1/2 NE 1/4, Sec. 35. T. 17 S., R. 21 E., W. M., I forwarded it to the Land Office with my final proof for said land and did not get it back until today, therefore I did not know just what date on which I should report my progress in the construction of my ditches.

I am glad, however, to report today that I have my ditches completed and am using water to irrigate a crop on 25 acres in the SE 1/4 NE 1/4, and 5 acres in the NE 1/4 NE 1/4, Sec. 35. T. 17 S., R. 21 E., W. M.

The ditches follow the courses as shown on the maps in my permit.

Very truly yours,

Walter T. Morris
