

Form A

Application No. 31934
(31934)

NOTICE OF BEGINNING OF CONSTRUCTION

I, Ray M Waldron, the holder of Permit No. 31954

to appropriate the public waters of the state of Oregon, began the actual construction of the works described therein on the _____ day of _____, 19____.

Remarks: Details are enclosed letter
The appropriator should state the manner of beginning construction work, number of men employed, the amount of work completed

up to the date of this statement, and any additional information which may tend to show the beginning of work in good faith.

IN WITNESS WHEREOF, I have hereunto set my hand this 13 day of October, 1958

(Signature of Applicant)

(Address)

Fill out, detach, and mail to the State Engineer, Salem, Oregon, when construction work is begun.

Form B

Application No. 31934
25205
31954

NOTICE OF COMPLETION OF CONSTRUCTION

I, Ray M WALDRON, the holder of Permit No. 31954

to appropriate the public waters of the state of Oregon, completed the construction of the works described therein on the 26 day of SEPT., 1959.

Remarks: I have installed a 10 H.P. Electric Pump Purchased
If the works have less capacity than described in the permit, or you have definitely abandoned part of the proposed development, you

should so state in order that our records may not be unnecessarily encumbered.

IN WITNESS WHEREOF, I have hereunto set my hand this 16 day of Oct, 1959

(Signature of Applicant)

(Address)

Fill out, detach, and mail to the State Engineer, Salem, Oregon, when construction work is completed.

Form C

IMPORTANT—This form is a notice to the State Engineer that permittee is ready to make final proof to the extent to which the water has actually been applied to the intended use under the terms of the permit. Permittee is cautioned that Certificate of Water Right will be issued based on the extent of the quantity and use as determined by the final proof inspection and survey which will be made in response to the filing of this Form C.

NOTE: In the case of an irrigation permit, this Form C should not be mailed to the State Engineer until all of the land described in the permit, which it is intended to irrigate under this permit at any time, has actually been irrigated.
Fill out, detach and mail to the State Engineer, Salem, Oregon, when all of the water has been applied.

Application No. 31934

NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

I, Ray M. Waldron, the holder of Permit No. 25205

to appropriate the public waters of the state of Oregon, completely applied the waters to a beneficial use in accordance with the terms of said permit, on the 1 day of June, 1960

Remarks: I have completed this water right
and I am using the water

IN WITNESS WHEREOF, I have hereunto set my hand this 12 day of July, 1960

(Signature of Applicant)

Roy M. Waldron
Rt. 1, Box 110
Cave Junction, Oregon

Dear Mr. Waldron:

On the reverse side of this paper is a copy of a draft of water right certificate to confirm the right under Permit No.25205..... You are requested to examine this draft and if you find it correctly describes the appropriation of water made, execute the following final proof. A fee of \$1.00 is required for recording your certificate of water right in the office of the County Clerk. The fee of \$1.00, together with this signed draft, must be returned to the State Engineer.

Very truly yours,

LEWIS A. STANLEY
State Engineer

Return this paper to the State Engineer. Do not record in
County Clerk's Office.

FINAL PROOF

I have read the draft of water right certificate shown on the reverse side of this paper and as final proof of appropriation of water I hereby certify that the water has been used as described in said draft.

April 12 - 61

STATE OF OREGON

COUNTY OF JOSEPHINE

CERTIFICATE OF WATER RIGHT

This Is to Certify, That ROY M. WALDRON

of Rt. 1, Box 110, Cave Junction, State of Oregon, has made proof to the satisfaction of the STATE ENGINEER of Oregon, of a right to the use of the waters of Chapman Creek

a tributary of E. Fk. Illinois River
irrigation of 12.2 acres

for the purpose of

under Permit No. 25205 of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from October 11, 1957

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially used for said purposes, and shall not exceed 0.24 cubic foot per second

or its equivalent in case of rotation, measured at the point of diversion from the stream. The point of diversion is located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 26, T. 39 S., R. 8 W., W.M.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-fiftieth of one cubic foot per second per acre, or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 $\frac{1}{2}$ acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right hereby confirmed, and to which such right is appurtenant, is as follows:

3.4 acres NE $\frac{1}{4}$ NE $\frac{1}{4}$
8.8 acres NW $\frac{1}{4}$ NE $\frac{1}{4}$
Section 26
T. 39 S., R. 8 W., W.M.

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.

THIS IS A DRAFT OF WATER RIGHT CERTIFICATE

See other side for instructions and final proof to be executed by permittee.

Cave Junction, Oregon

Dear Mr. Waldron:

This will acknowledge receipt of your notice to the effect that complete application of water has been made under Permit No. 25205.

Pursuant to your report and in line with the general practice of this office a survey will be made at a later date. After this survey, proof may be made and certificate issued covering the actual use of water as found by the engineer. In case of irrigation, any lands described in the permit that have not been irrigated will be automatically eliminated from the water right.

In the meantime, the permit which you hold will be valid evidence of the water right in question so long as you continue to use the water.

Very truly yours,

LEWIS A. STANLEY
State Engineer

STATE ENGINEER
SALEM, OREGON

Dear Sir:

Re. File Number 31954

Work was started on the Chapman Creek
Dereage last winter and clearing the land of brush
and trees was continued up into the late spring
when other work necessitated a halt. Two people
worked on this project and we now have
fifteen acres ready for plowing. The power plant
has been purchased for the pumping and we also
have purchased 1,800 feet of 2 and 4 inch & 3 inch
aluminum pipe - enough for the project.

Sincerely
x Roy M. Walton

December 30, 1957

Mr. Roy M. Waldron
Route 1, Box 110
Cave Junction, Oregon

Dear Mr. Waldron:

Enclosed find Application No. 31934, Permit No. 25205 with
blueprint.

PLEASE READ CAREFULLY THE FOLLOWING INSTRUCTIONS

Your permit has been recorded in this office but you should hold the original permit as evidence of your water right. If the land is sold an assignment to the new owner should be recorded in this office. Assignment blanks will be furnished upon request.

The permit, which appears on the last page of the application, limits the time within which you may begin and complete construction of your project. According to the law you must begin actual construction work within one year from the date of issuance of the permit or your right will be lost. The State Engineer is authorized to extend the time for completion of the project on proper showing but has no authority to extend the time limit for beginning of construction work.

Forms are attached to the permit for your convenience in submitting notice when construction begins, when it is completed and when the water has been completely applied to the proposed use, unless you have already submitted such information.

If your use of water is for irrigation, proof can be made and certificate issued only after you have actually irrigated ALL of the land described in the permit which you intend to irrigate at any time.

Whenever a measuring device becomes necessary for the proper distribution of water, the permittee will be required to install one to the satisfaction of the State Engineer as provided by ORS 540.310 and 540.330.

In connection with your proposed appropriation, please be advised that the late summer flow in most of the streams is required to satisfy existing rights and your permit as provided by law, grants a right to use water only when there is a surplus in the source involved over and above that required to satisfy prior rights.

Very truly yours,

Lewis A. Stanley
