--	-------------

***Authority***

Oregon Revised Statutes (ORS) 536.700 - 536.780 and Oregon Administrative Rules (OAR) 690-019 establish the process by which the Department can allow temporary emergency-use permits.

***Findings of Fact***

1. On July 28, 2021, LX Ranch Inc. submitted an application to the Department for an emergency-use permit, requesting 3.9 cubic feet per second of groundwater for supplemental irrigation of 530.1 acres from a single well.
2. The Department has not received adverse comments related to the possible issuance of the attached permit.
3. The Department completed a review of the application in accordance with OAR 690-019-0040.
4. Drought conditions have created an inability on the part of the applicant to obtain water under existing Certificate 34503 and Certificate 80472.
5. The use is proposed in a designated drought area according to the Governor's April 26, 2021 Executive Order 21-09.
6. The required examination and recording fees were paid.
7. The Department considered the factors described in OAR 690-310-0130 and finds that:
  - (a) The proposed use requested in this application is allowed in the Goose and Summer Lakes Basin Program (OAR 690-513-0010(11));
  - (b) Groundwater is available in the amount requested for this emergency, temporary use;
  - (c) The proposed use will not injure other water rights; and
  - (d) The proposed use complies with other rules of the Commission.
