Sir;

Am enclosing my application for a water right and a map of the property which you returned to me for correction. These corrections were done with the help of the Josephine County Water Master and I hope they now meet with your approval. The existing well was drilled in 1965 or 1966 by Robert Shannon (South State Drilling Co.) a company no longer in existence. It was assumed by me that a filing had been made.

Hoping this meets with your approval. Sincerely,
W. Earl George

Dear Mr. George:

Your application for a permit to appropriate 1.08 cubic feet of water per second from a well and a sump for the irrigation of 86.72 acres has been received along with a reproducible map and the fees of \$40.25. Your application has been filed as number G-6968.

A quantity of water to be appropriated from the well and a quantity from the sump must be given in item 2 of the application. It is also necessary to further describe the location of the well and the sump, on line 5 of item 4, as being within a fractional part of a section. Based on the information shown on your map, they are within the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36 and if you agree, your application should be changed accordingly.

There is a typing error on the last line of item 12 of the application in that you have listed 6.42 acres to be irrigated within the S $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36 and your map shows this to be within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of the section. Again, if your map is correct, the information on the application will have to be changed to agree.

We do not have a record of the well at the location described on your application. Will you please send us the name and address of the well driller or contractor and the date the well was constructed.

If you will send us your written authorization to amend items 2, 4, and 12, it will not be necessary to return the application for the necessary corrections.

Further action will be held on your application for a reasonable length of time pending your reply.

Very truly yours,
