Dear Mrs. Pallo:

There are portions of three water rights of record appurtenant to lands in the N $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 31, Township 8 South, Range 39 East, W. M. as evidenced by the certificates recorded at Pages 471, 4458 and 7595 State Records of Water Right Certificates.

The certificate recorded at Page 471 evidenced the right to the use of water from Goodrich Creek for the irrigation of, among other lands, 40.0 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ and 37.5 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ of aforementioned Section 31, with a date of priority of April 26, 1909.

The certificate recorded at Page 4458 evidenced the right to the use of water from Goodrich Creek and Sherred Spring for the irrigation of, among other lands, 40.0 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ and 40.0 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ of aforementioned Section 31, with a date of priority of 1904.

The certificate recorded at Page 7596 evidenced the right to the use of Waste Water from the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 31, for domestic and stock use and for the irrigation of, among other lands, 2.0 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of aforementioned Section 31, with a date of priority of June 1, 1927.

Only one water right providing for the use of the full duty of water for primary irrigation from a source for a specific acreage can be valid. Therefore, I believe the right evidenced by the certificate recorded at Page 471 is no longer of any value. It appears that Florence L. Sherred submitted a claim during the Powder River Adjudication proceeding claiming an earlier priority date for the use of water and the decree of the Circuit Court allowed the water right as evidenced by the certificate recorded at Page 4458. The Powder River Adjudication proceedings accrued after the certificate recorded at Page 471 was issued. You may review the original claim submitted by Florence L. Sherred which is filed in the Baker County Records.

Dear Sirs:

We own 70 acres in Baker, Oregon.
(T. 8 S, R. 39 E, Sec 31, N $\frac{1}{2}$ NE $\frac{1}{4}$, Baker County)

Spring Creek runs across the 70 acres.
What we would like to know is, can they
(the people who have water rights out of Spring Creek)
reroute the water by putting it in a pipe
down the side of the road and leaving the creek
dry - stock without water?

Also what water right do we have in Spring Creek?

And if they are allowed to dry up the ditch.
how long is it the ditch easement considered
abandoned and we could put the land to use?

Would appreciate an answer as soon
as possible. Thank you.

Dear Sir:

I am in receipt of your letter of the 27th instant with reference to the relative priority of Phillips and Ebell application and permit and that of Florence L. Sherred, being applications No. 45 and 46, permits No. E 1 and 240, respectively. I find upon investigating our records that both applications were received at this office at 8 o'clock A. M., April 26, 1909. It would seem, therefore, that neither application has a priority right over the other. The law, as you know, provides that a water right shall date from the date of its receipt at the application in this office. When two applications are received at exactly the same time, they of course would be on an equal footing as far as the priorities of the rights are concerned.

Very respectfully,

Dear Sir:

In-Re Water right of Goodrich Creek, of Baker
County, Oregon.

From my files it appears that a permit has been
granted to Phillips and Ebell for the water of Goodrich
Creek and dated the same day as the permit granted to
Florence L. Sherred for water of same Creek. The notice
of Location of the Sherred water right and the use of
the same precedes that of Ebell and Phillips about eight
months. Miss. Sherred locating and filing for record with
the County Clerk of Baker County, Oregon June 17th, 1908,
and recording same on the 18th of June, 1908, while Ebell
and Phillips located February 18th, 1909 and recorded on
the 20th, 1909. If there is no priority between these
two rights, the Sherred rights should have the preference.
Perhaps your office files give the hour. If they do and
the Sherred right comes first that will settle the matter.

Let me hear from you regarding the same at your
earliest convenience, and oblige
