ABSTRACT OF CERTIFICATE OF WATER RIGHT NO. 14736

Geo. W. Loveless of Williams,
State of Oregon, has made proof to the satisfaction of
the State Engineer of Oregon, of a right to the use of the waters of
Yew Wood Gulch
a tributary of W. Fk. of Williams Creek, for the purpose of
Irrigation
under Permit No. 15351 of the State Engineer, and that said right to the use
of said waters has been perfected in accordance with the laws of Oregon;
that the priority of the right hereby confirmed dates from August 17, 1942
that the amount of water to which such right is entitled and hereby con-
firmed, for the purposes aforesaid, is limited to an amount actually bene-
ficially used for said purposes, and shall not exceed 0.10

or its equivalent in case of rotation .

The point of diversion is located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 10, T. 39 S., R. 5 W. W. M.

The amount of water used for irrigation, together with the amount
secured under any other right existing for the same lands shall be limited
to 1/80 th of one cubic foot per second per acre, or its equivalent for each
acre irrigated and shall be further limited to a diversion of not to exceed 4 $\frac{1}{2}$ acre
feet per acre for each acre irrigated during the irrigation season from April 2, to
October 31, of each year,

and shall conform to such reasonable rotation system as may be ordered by
the proper state officer.

A description of the place of use under the right hereby confirmed,
and to which such right is appurtenant, is as follows:

8.0 acres in the E $\frac{1}{2}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$
Section 10
Township 39 South, Range 5 West, W. M.

The right to the use of water for the purposes aforesaid is
restricted to the lands or place of use herein described.

Dear Mr. Loveless:

This acknowledges receipt of Forms B and C, being notices of completion of construction and complete application of water under your Permit No. 15351.

Pursuant to your reports and in line with the general practice of this office, a survey will be made at a later date for the purpose of checking the acreage actually irrigated. After this survey, proof may be made by you and certificate issued covering the lands which the survey shows to have been irrigated, and any lands described in your permit that have not been irrigated will be automatically eliminated from your water right.

In the meantime, the permit which you hold will be valid evidence of your water right.

Mr. Tom R. Pearce
Watermaster District No. 16
Grants Pass, Oregon

Dear Mr. Pearce:

This will acknowledge receipt of your letter of August 13, with which you enclosed an application in the name of George W. Loveless for a permit to appropriate 0.10 c.f.s. from Yew Wood Gulch and tributaries for irrigation, together with fees in the amount of \$9.50, for which receipt has been sent to Mr. Loveless, pursuant to your request.

It is noted that while under Item 1, the source of the proposed appropriation is described as Yew Wood Gulch and tributaries, only one diversion point is described under Item 4, and indicated on the accompanying map, and it therefore seems probable that appropriation is contemplated only from Yew Wood Gulch, and permit will be issued accordingly unless we receive further instructions in this connection.

A permit to appropriate water from Yew Wood Gulch grants a right to the use of any water arriving naturally at the point of diversion, subject to existing rights, and limited by the terms and conditions of the permit.

A permit issued covering the use of water from Yew Wood Gulch and tributaries would indicate that diversion was to be made from more than one stream.

Very truly yours,
