Mr. Frank Adrian,

Denio, Oregon.

Dear Sir,-

Acknowledgement is made of proof of appropriation of water under Permit No. 14. The \$1.00 recording fee required by law for certificate of water right should have accompanied this proof, and certificate cannot be issued until this fee is received.

Referring to my letter to you of March 5th, I find that no assignment of your rights in this permit to Perry Boyd is on file. If Mr. Boyd is the present owner of the land, and wishes the certificate issued in his name, an assignment similar in form to the blank enclosed should be filed with the State Engineer. The fee for recording such an instrument is \$1.00. Your proof of appropriation will be held in this office pending the receipt of the \$1.00 certificate fee, and information relative to assignment.

Very respectfully,

Secretary.

Mr. Frank Adrian,

Denio, Oregon.

Dear Sir,-

I am in receipt of your letter of the 26th ult. relative to Permit No. 14. I note that you have sold your land to Perry Boyd, and beg to call your attention to the law which requires an assignment of water right under a permit, to be recorded in the office of the State Engineer, in order that such assignment may be binding upon others than the parties thereto. I am enclosing an approved form of assignment for your use. The fee as provided by law for filing such an assignment is \$1.00. When the assignment is duly recorded, the necessary blanks for making proof will be mailed to the assignee. You understand, of course, that the time for completion of works and use of water under this permit has expired, and unless the appropriation has been completed, the right has probably lapsed.

Very respectfully,

Secretary.
