Dear Sir: Application No. 17503

Edna H. Preston made application to appropriate water under the above number, but before the work was completed she passed on. I now own the property under deed from her.

Last summer the Water Master, Mr. Tom R. Pierce, came out to make an inspection of the work, and I went with him to the field, and he approved it. Later when I was in his office in Grants Pass and the papers were presented to me, we talked it over and thought the only thing to do was for me to sign them "Harriett H. Davis, successor to Edna H. Preston." Later a blank form of assignment made out to Mrs. Preston came from your office, which of course, cannot be filled out. Please advise me what to do.

I have from your office final proofs, made out in the name of Edna H. Preston, and I am anxious to get this matter straightened out and have my water right.

Yours very truly,

Mrs. Davis called at my office during my absence, and left a proof form. She did not return, so I allowed the papers to be sent to the State Engineer who has advised the Water Master that a letter mailed to Mrs. Davis has been returned, marked "not known".

It is necessary that Mrs. Preston should assign the permit to Mrs. Davis, or else Mrs. Preston make proof in order to get the right confirmed, so you may have Mrs. Davis write me about the matter.
