Reference: Application S-86339, Permit S-54361

The assignment by proof from Scott Williams to Richard M. and Katherine A. Rader has been recorded in the records of the Water Resources Department.

The Departments records will now show Richard M. and Katherine A. Rader as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 137294 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2011, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). An Application for Extension of Time was received by the Department on January 10, 2022, requesting the time to complete construction and application of water, be extended to October 1, 2024. As of this date, the Application for Extension of Time is pending review.

Sincerely,

Mary F. Bjork
