Hello,

Thank you for calling the department today it was a real pleasure speaking with you. I have attached the certificate and map for your reference, and I have attached an ownership update for you to fill out and return to the department.

Please Note: An Ownership update is used to notify the Department that ownership of land covered by a perfected water right has changed. Perfected rights are those evidenced by the issuance of a certificate of a water right. An ownership update is scanned into WRIS and placed in the file for reference, but WRIS "owner" records are NOT updated, NOR is a new certificate issued.

Please email me with further questions or concerns.

Thank you and have a great day,

Judy
