NOTICE OF COMPLETION OF CONSTRUCTION

Application No. 53743

I, William D. Peterson + Fred Blakely, the holder of Permit No. 40360 to appropriate the public waters of the state of Oregon, completed the construction of the works described therein on the 15 day of September, 1978.

Remarks: Construction Complete. Although one line will be replaced with larger pipe.

IN WITNESS WHEREOF, I have hereunto set my hand this 20th day of September, 1978. William D. Peterson Fred Blakely 4888 Lower Grove Ch. Rd. Sunny Valley Ore

Fill out, detach and mail to the State Engineer, Salem, Oregon 97310, when construction work is completed.

Form C

IMPORTANT—This form is a notice to the State Engineer that permittee is ready to make final proof to the extent to which the water has actually been applied to the intended use under the terms of the permit. Permittee is cautioned that Certificate of Water Right will be issued based on the extent of the quantity and use as determined by the final proof inspection and survey which will be made in response to the filing of this Form C.

NOTE: In the case of an irrigation permit, this Form C should not be mailed to the State Engineer until all of the land described in the permit, which it is intended to irrigate under this permit at any time, has actually been irrigated. Fill out, detach and mail to the State Engineer, Salem, Oregon 97310, when all of the water has been applied.

Dear Ladies and Gentlemen:

This will acknowledge your application for a permit to appropriate water from two unnamed streams and a spring for the irrigation of 20.0 acres and the use of water from the spring for domestic use for an unspecified number of families. We also received your map of the proposed project and the partial examination fee of \$15.00 for which our receipt No. 49674 is enclosed.

The application could not be filed because it was not accompanied by the total examination fee of \$20.00. Before the application can be filed, it will be necessary that you submit the additional examination fee of \$5.00. The application also requires a permit recording fee of \$10.00 for the irrigation portion of the permit and \$15.00 for the domestic portion of the permit.

The preliminary examination of your application indicates that Item No. 4 should be corrected to show stream B and spring C to be within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ and stream A to be within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 31.

According to your map, there appears to be 2.4 acres to be irrigated within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 31 and 17.6 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 31. If this is the case, the map needs to be corrected to indicate the proper acreage in each forty-acre tract to be irrigated. Likewise, Item No. 8 of the application should also be corrected to show 2.4 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ and 17.6 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 31.

October 1, 1975

William D. and H. Joan Peterson
Frederick T. and Virginia L. Blakely

Item No. 10 (b) of the application should state the number of families to be supplied domestic water. The map should also show the location of each house to be served water.

The application also requires the signature of H. Joan Peterson and Virginia L. Blakely if it is intended that they are to be record holders of this permit. Otherwise, their names should be deleted from the first page of the application form.

I am enclosing a spring description form for your use in providing us with additional information regarding your spring. And it will also be necessary that you provide us with a legal description of your property so we may verify the place of use. The legal description can be copied from your deed, sales contract, or title insurance policy.

I am returning your application and map for the suggested corrections. The application would be given a priority date as of the date it is received in this office along with the additional examination fee.

If I can assist you further in completing the application, please do not hesitate to call.

Sincerely,

Vestal R. Garner
Assistant
