Dear Applicant:

The Oregon Water Resources Department has received your surface water application for a water use permit. Your application has been assigned file number **S-89254**. Please refer to this number when contacting the Department. Should you have any questions about your application, please contact the following Water Rights Specialist assigned to your application:

Elisabeth Graham, Water Rights Specialist	Phone: 503-979-3130
	Email: <a href="mailto:elisabeth.a.graham@water.oregon.gov">elisabeth.a.graham@water.oregon.gov</a>

A description of the steps that are used for processing a surface water application are shown on the reverse side of this letter. Surface water applications that propose to use stored water exclusively are reviewed using an expedited process and contain slightly different processing steps.

The Department's goal is to process applications within statutory deadlines. The first step in the process is issuance of an Initial Review, which summarizes the Department's preliminary determinations. Surface water applications typically receive an Initial Review in approximately two to three months. Copies of the Initial Review, Proposed Final Order, and Final Order will be mailed to you. Applications proposing to use stored water only under the expedited process will receive a Final Order.

Please note that your application is subject to review and comment from other state agencies and interested parties.

Sincerely,

Dante Luongo  
Customer Service Representative  
Oregon Water Resources Department
