- Well #2 as identified under original application map reported water usage under the name of "HOMAN", and now the well name.
- Well #3 as identified under original application map just completed in 2021 now known as "PARKER"
- Well #4 identified under original application map reported water usage under the name of "STEIN", and now the well name.

NOTE: CORNER IRRIGATION

Most all of the land depicted in this COBU is watered by existing pivots, three of which have swing arms attached. Mr. John Frisch, farm manager for MDB FARMS LLC told me that he uses hand lines when planting the corners not irrigated by pivot to start the grain seed in the spring or fall as needed. He indicated that he has a diary with dates, as well as pictures of the hand irrigation when used. I was satisfied with his explanation that the land had been watered in the last 5 years.

LEGEND

- Lands irrigated from existing wells, Golden, Stein, Homan, and Parker as authorized under Permit G-13254.
- Mainline
- Well

WELL GPS POSITIONS

Well Name	Latitude	Longitude
"HOMAN WELL"	N 45°19'32.9549"N	118°00'50.9421"W
