Reference: Application G-15495, Permit G-15405

The partial assignment by proof from Jo Ann Wollenhorst-Russ and Rudolph Paygr to Criss Duncan has been recorded in the records of the Water Resources Department.

The Departments records will now show Criss Duncan and William Bowman Revocable Living Trust as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 138726 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2007, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). The Department was notified on July 21, 2022, that Adkins Engineering and Surveying has been retained to complete the claim.

Sincerely,

Mary F. Bjork
