Initial Review and Proposed Final Orders

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (Basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules.

Initial Review Stage (IR)

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use. **The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, May 09, 2024.** Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

Proposed Final Order Stage (PFO)

The proposed final order is the Department's penultimate decision on the water use request. The PFO documents the agency's decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$35. (Any person paying \$35 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed free of charge online at: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, May 24, 2024.

The protest filing fee is \$480 for the applicants and \$950 for non-applicants. Detailed requirements for filing a protest are included in the PFO. Persons who support the PFO may file a "standing" fee of \$270 to retain the ability to participate in future proceedings relating to an application. Before participation in a hearing is allowed, an additional \$680 will be required to request to participate as a party or limited party.

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

Proposed Final Orders (PFO's) are the Department's preliminary decision on extension requests. They document the agency's decision through specific findings. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$35. (Any person paying to receive a PFO by mail will also receive a copy of the Final Order when it is issued). PFO's may be viewed for free at the Department's Salem Office or at the appropriate watermaster district office.

Extension of Time Public Notice and Comment Procedures

Applications for Instream Lease

ORS 537.348 authorizes a water right holder to lease their existing water right(s) to instream use for a limited time. For the term of the lease, the water right holder agrees to suspend use of water under the original right. The state is the trustee for water rights leased for instream use. OAR 690-077-0077 requires that the Department public notice the lease applications.

The deadline for submitting claims of injury to existing water rights or enlargement of the original right against a lease application is April 30, 2024. Parties to the lease, including the Department, will review any such claims before the lease is finalized. The lease files are available for viewing at the Salem office of the Water Resources Department. If you have questions or comments please contact the Lease Specialist at 503-986-0898.
