MEMORANDUM

TO: Water Resources Commission

FROM: Brenda Bateman
Senior Policy Coordinator

SUBJECT: Work Session Item A, June 9, 2009
Water Resources Commission Meeting

Integrated Water Resources Strategy Update

The three-person planning subcommittee of the Water Resources Commission, comprised of Commissioners Mary Meloy, Jeanne LeJeune, and John Roberts, will update the Commission on their recent work related to the Integrated Water Resources Strategy. The subcommittee will share a number of draft documents with the Commission, inviting comments and feedback. The documents that will be shared include:

- An issue statement, “The need for an integrated water resources strategy;”
- A vision statement for the planning process; and
- Planning process goals.

In addition, Department staff will provide an update of legislation related to the Integrated Water Resources Strategy.

If time allows, the subcommittee plans to invite stakeholder comments related to the topics above.

Materials related to this topic can be found on the Department’s website under the “Commission” heading. Throughout 2008 and 2009, Commission meetings have opened with the Integrated Water Resources Strategy as the topic. Staff reports and meeting minutes are available on-line, with much of the background discussion and key citations.
