### **690-051-0160**

#### **Standards for Evaluation**

The standards in OAR 690-051-0170 to 690-051-0290 implement the provisions of ORS 537.160, 537.170, 543.017, 543.225 and 543.255 for the review of all hydroelectric applications. To be approved, a project must meet the general and resource specific standards in OAR 690-051-0170 to 690-051-0260. Economic and need for power standards in 690-051-0270 and 690-051-0280 must be met as well. When required, a project must also be reviewed with other projects pursuant to 690-051-0290.
