Initial Review and Proposed Final Orders

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (Basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules.

Initial Review Stage (IR)

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use. **The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, December 25, 2025.** Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

Proposed Final Order Stage (PFO)

The proposed final order is the Department's penultimate decision on the water use request. The PFO documents the agency's decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$53. (Any person paying \$53 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed free of charge online at: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, January 09, 2026.

The protest filing fee is \$720 for the applicants and \$1425 for non-applicants. Detailed requirements for filing a protest are included in the PFO. Persons who support the PFO may file a "standing" fee of \$405 to retain the ability to participate in future proceedings relating to an application. Before participation in a hearing is allowed, an additional \$1020 will be required to request to participate as a party or limited party.

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

Initial Review and Proposed Final Orders

**There are no Initial Reviews or Proposed Final Orders for the week of
November 18, 2025, through November 25, 2025**

OAR 690-077-0077 requires that the Department public notice the lease applications.

The deadline for submitting claims of injury to existing water rights or enlargement of the original right against a lease application is December 16, 2025. Parties to the lease, including the Department, will review any such claims before the lease is finalized. The lease files are available for viewing at the Salem office of the Water Resources Department. If you have questions or comments please contact the Lease Specialist at 503-986-0898.

Transfer Preliminary Determinations

A Preliminary Determination provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued preliminary determinations on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(5) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than ¼ mile where there are no intervening diversion points between the authorized and proposed points of diversion.

Any person may protest the application and preliminary determination or may file a standing statement. Pursuant to OAR 690-380-4030 and OAR 690-382-0900, protests must raise all reasonably ascertainable issues and include all reasonably available arguments supporting the person's position (see OAR 690-002-0030). In addition, protests must be accompanied by a \$1425 protest fee for non-applicant and \$720 protest fee for applicant. Call the Protest Coordinator at (503) 507-2749 to obtain additional information. Protests must be received by the Department on or before December 25, 2025 (being 30 days from the date of this notice), or within 30 days of the last date of publication in a newspaper (if required), whichever is later. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

[T-14113](#) filed by Oregon Parks and Recreation Department, Attn: Steve Bifano, 7300 SW Jordan RD, Culver, OR 97734, proposes an additional point of appropriation under Certificate 39065. The right allows the use of 0.16 cubic foot per second from two wells in Sec. 10, T12S, R12E, WM for domestic and irrigation in Sects. 10 and 15, T12S, R12E, WM. The applicant proposes an additional point of appropriation in Sec. 10, T12S, R12E, WM. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000.

Transfer Applications: Temporary Transfer

The holder of a water right subject to transfer may request to temporarily change the place of use of the water for up to 5 years and, if necessary to convey the water, to temporarily change the point of diversion or appropriation. The Department shall approve the request provided it does not cause injury to existing water rights or enlarge the water use. If after the change is approved, it is found to cause injury, the approved change may be revoked. The use of water reverts to the authorized place of use upon expiration of the temporary change.
