## **Initial Review and Proposed Final Orders**

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

### **Initial Review (IR) Stage**

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use. **The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, February 05, 2026.** Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

### **Proposed Final Order (PFO) Stage**

The proposed final order is the Department's penultimate decision on the water use request. The PFO documents the agency's decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$53. (Any person paying \$53 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFOs may be viewed free of charge online at: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest. Detailed information related to filing a protest can be found within the PFO.

**The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, February 20, 2026.**

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

## **Transfer Proposed Final Order**

A Proposed Final Order provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued proposed final orders on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(5) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than  $\frac{1}{4}$  mile where there are no intervening diversion points between the authorized and proposed points of diversion.

Any person may protest a proposed final order to request a contested case hearing on the proposed final order. Protests must meet the requirements of Oregon Laws 2025, chapter 575, section 3a(1), 3a(3)(b), and 3(a)(3)c), including being accompanied by a \$1,425 protest fee for a nonapplicant and \$720 protest fee for an applicant. Protests must be received by the Department on or before February 05, 2026 (being 30 days from the date of this notice). If a protest is filed, any person who supports the proposed final order may file a request for party status to request to participate in any contested case proceeding in support of the proposed final order. Requests for party status must meet the requirements of Oregon Laws 2025, chapter 575, section 3a(2)(b), including being accompanied by \$1,425 request for party status fee. Requests for party status must be received by the Department within 30 days after the deadline for filing a protest. For additional information concerning protests and requests for party status, review the information included in the proposed final order or call the Protest Program Coordinator at (503) 507-2749.
