Permit Application Initial Reviews and Proposed Final Orders

The following pages of this notice list permit applications that the Oregon Water Resources Department is evaluating for compliance with state water laws and regulations. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules by implementing a mitigation project or by obtaining mitigation credits made available by a completed mitigation project. Surface water and/or reservoir permit applications in the Deschutes Basin may be proposed ground water mitigation projects.

Initial Review Stage (IR in the "Stage" column of the permit listing)

The Department has given the applicant the results of an initial review of water use restrictions, water availability and other limits that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use.

The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, August 08, 2013. Although we cannot respond individually to all comments, each will be considered as the agency makes its permit decision.

Proposed Final Order Stage (PFO in the "Stage" column of the permit listing)

The proposed final order is the Department's preliminary decision on the water use request. It will indicate how the comments received on the application in the first stage were considered. The PFO documents the agency's decision through specific findings. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$25. (Any person paying \$25 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed for free at the Department's Salem Office or at the district watermaster office nearest the proposed use. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, August 23, 2013.

The protest filing fee is \$350 for the applicants and \$700 for non-applicants. Detailed requirements for filing a protest will be sent with copies of the PFO. Persons who support the PFO may file a "standing" fee of \$200 to retain the ability to participate in future proceedings relating to an application. Before participation is allowed, an additional \$500 will be required at the time of the proceeding.

If a protest or comment deadline falls on a day that the office is closed then the next open business day automatically becomes the deadline date.

Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$25. (Any person paying to receive a PFO by mail will also receive a copy of the Final Order when it is issued). Notice of Proposed Order
Madison Ranches Land 3, LLC - HE 599

Proposed Order on the Public Interest Issues of the Proposed Project
(ORS 543.017 and 543.225)

This matter comes before the Director on application Madison Ranches Land 3, LLC (Applicant) for a hydroelectric Project. The issue before the Director is whether the proposed Project together with the recommended measures to protect, mitigate or enhance the natural resources of the State are sufficient to meet the standards of ORS 543.017, 543.225, and OAR 690-051.

The Project as proposed by Madison Ranches Land 3, LLC is for the use up to 10 cubic feet per second (cfs) of ground water allocated for an Aquifer Storage and Recovery project within the Butter Creek basin, tributary to the Umatilla River. The project is located in the SE¼ NW¼ Section 31, Township 3 North, Range 28 East, W.M. The Project is expected to use up to 613 feet of gross head from two pressure relief regeneration units to provide up to 696 theoretical horsepower (THP).

This Project is ready for final review. This order presents proposed findings of fact and conclusions of law to find that the public interest standards of ORS 543.017, 543.225 and OAR 690-051 have been met with regards to the proposed Project. Accordingly, the Department proposes to issue a hydroelectric permit for this Project.

Persons, organizations or agencies objecting to the proposed order for this Project on the grounds that the proposed construction, development or improvement would damage or destroy the use or utility of the stream or other body of water involved for other beneficial purposes, including propagation of fish, scenic, aesthetic, recreational, park, highway or other beneficial use may file a protest to this proposed order. A contested case hearing shall be scheduled concerning the public interest issues of the Project according to ORS 543.230.

Any person may protest this proposed order and request a hearing as provided by the Administrative Procedures Act, Oregon Revised Statutes Chapter 183 by filing a protest and request for hearing by **September 9, 2013**. A protest must be in writing, accompanied by the appropriate fee, and received at the Oregon Water Resources Department by **5 p.m. on September 9, 2013**. ORS 536.050(1)(j). Persons may mail or deliver protests and requests for hearing to:

Mary Grainey
Oregon Water Resources Department
725 Summer Street NE, Suite A
Salem, OR 97301

A contested case hearing on the public interest issues of the Madison Ranches Project shall be scheduled within 3 months of the protest deadline.

Any person may be represented by legal counsel at the hearing. Any person filing a protest or requesting a hearing will be notified at the time and place of the hearing and given information on the procedures, right of representation and other rights of parties relating to the conduct of the hearing before commencement of the hearing. Any hearing will be conducted by an administrative law judge from the Office of Administrative Hearings.

If you do not request a hearing within the time specified in this notice, or if you withdraw a request for hearing, notify the Department or the administrative law judge that you will not appear or fail to appear at a scheduled hearing, the Director may issue a final order. If the Director issues a final order by default, the Director will designate the Department's file on this matter as the record for the purpose of proving a prima facie case upon default.
