725 Summer Street NE Ste A  
Salem OR 97301

**PUBLIC NOTICE OF WATER USE REQUESTS**  
**October 22, 2013**

*This notice is also available on our web page at the following address:  
[http://apps.wrd.state.or.us/apps/misc/wrd\\_notice\\_view/?notice\\_id=21](http://apps.wrd.state.or.us/apps/misc/wrd_notice_view/?notice_id=21)*

This publication lists agency activities requiring public notice. It also describes public comment processes and deadlines. Types of water use requests in this week's Public Notice include:

- \* **Permit Application Initial Reviews, Proposed Final Orders, and Final Orders**  
Applications for permits to use, store, divert or pump surface water or groundwater. Includes applications by the state Departments of Fish & Wildlife, Environmental Quality or Parks and Recreation for water to be used and kept in-channel.
- \* **Applications for Extensions of Time to Perfect Water Right Permits**  
New applications received and proposed final orders regarding requests to extend time limits to fully develop water use projects and beneficially apply water.
- \* **Applications for Limited Licenses**  
Requests to use water for 5 years or less. Licenses are subordinate to other rights and may be revoked if a use is found to injure other water right holders.
- \* **Application for Instream Lease**  
Application by water right holder to lease existing water rights to instream use.
- \* **Transfer Applications: Regular**  
Requests to change point of diversion or appropriation, place of use, or character of use upon which the public may comment. The changes may be proposed in an application for a transfer (including instream or historic POD), an exchange, or a substitution.
- \* **District Permanent Transfers (ORS 540.580)**  
Petitions requesting transfers in place of use within a district's boundaries.
- \* **Notice of Proposed Orders for Amendments of Hydroelectric Water Right Certificate**

The Public Notice is published each week on the Department's web site at <http://www.wrd.state.or.us/>. If you would like to receive a *free* weekly notification when it is published, please send your request to "Codi.N.Holmes@ wrd.state.or.us".

## **Permit Application Initial Reviews and Proposed Final Orders**

The following pages of this notice list permit applications that the Oregon Water Resources Department is evaluating for compliance with state water laws and regulations. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules by implementing a mitigation project or by obtaining mitigation credits made available by a completed mitigation project. Surface water and/or reservoir permit applications in the Deschutes Basin may be proposed ground water mitigation projects.

### **Initial Review Stage (IR in the "Stage" column of the permit listing)**

The Department has given the applicant the results of an initial review of water use restrictions, water availability and other limits that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use.

**The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, November 21, 2013.** Although we cannot respond individually to all comments, each will be considered as the agency makes its permit decision.

### **Proposed Final Order Stage (PFO in the "Stage" column of the permit listing)**

The proposed final order is the Department's preliminary decision on the water use request. It will indicate how the comments received on the application in the first stage were considered. The PFO documents the agency's decision through specific findings. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$25. (Any person paying \$25 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed for free at the Department's Salem Office or at the district watermaster office nearest the proposed use. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

**The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, December 06, 2013.**

The protest filing fee is \$350 for the applicants and \$700 for non-applicants. Detailed requirements for filing a protest will be sent with copies of the PFO. Persons who support the PFO may file a "standing" fee of \$200 to retain the ability to participate in future proceedings relating to an application. Before participation is allowed, an additional \$500 will be required at the time of the proceeding.

If a protest or comment deadline falls on a day that the office is closed then the next open business day automatically becomes the deadline date. In addition to the usual state or federal office closures, the Oregon Water Resources Department headquarters office will be closed on the following days: March 23, 2012, May 25, 2012, August 17, 2012, October 19, 2012, November 23, 2012, January 18, 2013, April 19, 2013 and May 24, 2013.

## Applications for Limited Licenses

A limited license allows the right to use or store water for no more than 5 consecutive years. Use of water under a limited license is subordinate to all other authorized uses and may be shut-off at any time to satisfy those other uses. In addition, the Department may revoke a limited license if its use causes injury to any other water right or minimum perennial streamflow.

Licensees must maintain a record of how much water they are using (ORS 537.143). **The Department may approve a license after November 05, 2013, upon finding that the proposed water use will not impair or be detrimental to the public interest (OAR 690-340-030).** The public is invited to provide comments that will assist the Director in determining whether the use would impair or be detrimental to the public interest.

## Transfer Applications: Regular

The holder of a water right may apply to permanently change an existing water use subject to transfer as defined in ORS 540.505(4). An application may involve any of the following changes: Point of diversion or appropriation (POD; POA); Additional point of diversion or appropriation (APOD; APOA); Historic POD (HIST); Place of use (POU); Character of use (USE); Instream (ISWR); Substitution (SUB); or Exchange (EXCH).

The Department seeks public comment on the recently-filed transfer applications listed below. Any person may comment on a transfer application. Comments must be received by the Department on or before November 21, 2013. Any person who provides comments within the comment period will receive a copy of the Department's preliminary determination of whether the application should be approved or rejected after the Department has completed a review of the application and will be provided an opportunity to protest the application and preliminary determination at that time.

## **District Permanent Transfers (ORS 540.580)**

A district may request to permanently change the place of use within district boundaries. A district may provide notice to the Department of a change before it is made, and shall submit a district permanent application prior to the end of the calendar year in which the change occurs. The Department shall approve the transfer application provided it does not cause injury to existing water rights or expand the water use. The final order approving the permanent transfer is subject to protest.

This public notice also includes district notices of proposed changes. The Department will accept comments on injury and enlargement of changes in place of use associated with the notice and use those comments in the review of the proposed change.

The Department seeks public comment on recently filed district transfer applications listed below. The deadline for comments or protests to the transfer application must be received by the Department on or before November 21, 2013. The Department will hold a contested case hearing if: 1) a protest and \$700 protest fee for non-applicant and \$350.00 protest fee for applicant are received within the time allowed; or 2) the Department finds a hearing is needed to determine whether the proposed changes would result in injury to existing rights. (If a water user believes that a proposed change could injure a water delivery within a district's boundaries, the matter will be resolved directly between the district and the water user.)

**Notice of Proposed Orders for  
Amendments #1 and #2 to  
Hydroelectric Water Right Certificate 86764  
(ORS 543.092)**

This matter comes before the Director on application of Portland General Electric Company (PGE) to amend a hydroelectric Project under water right certificate 86764. The issue before the Director is whether conditions specified for operation of the Project together with the recommended measures to protect, mitigate or enhance the natural resources of the State are sufficient to meet the standards of ORS 543.092, 543A, and OAR 690-053.

Amendment #1 to the Project as proposed is to install two 0.99 Megawatt turbines at the base of Timothy Lake Dam to generate power while supplying minimum flows from 30 to 300 cfs into the Oak Grove Fork of the Clackamas River. The proposed project is located in the NE ¼ NE ¼ Section 27, Township 5 South, Range 8 East, W.M.

Amendment #2 to the Project as proposed is to construct a powerhouse for a 1 MW turbine using flows of up to 150 cubic feet per second (cfs) being released from the minimum flow pipeline at Crack-in-the-Ground, below Lake Harriet Dam. The powerhouse would be in the NE ¼ SE ¼ Section 5, Township 6 South, Range 7 East, W.M. Another turbine would use of flows up to 35 cfs returning from the downstream migrant floating surface collector and the adult fish trapping facility to generate up to 135 KW below North Fork Dam. This turbine would be in the NE ¼ NW ¼ Section 11, Township 4 South, Range 4 East, W.M. Another 850 KW turbine would use flows of the fish ladder attraction water up to 225 cfs below the Faraday Diversion Dam. This turbine would be in the SW ¼ NE ¼ Section 3, Township 4 South, Range 4 East, W.M.

Any person may file with the Department a protest against the approval of the application on the grounds of injury to an existing water right and impacts to fish and wildlife values or water quality. (OAR 690-053-0015).

This order presents proposed findings of fact and conclusions of law to find that the standards of ORS 543.092, 543A and OAR 690-053 have been met with regards to the proposed Project amendment. Accordingly, the Department proposes to issue an amended water right for hydroelectric use for the remaining term of this Project.

Any person may protest this proposed order and request a hearing as provided by the Administrative Procedures Act, Oregon Revised Statutes Chapter 183 by filing a protest and request for hearing by **December 6, 2013**. A protest must be in writing, accompanied by a fee of **\$700.00**, and received at the Oregon Water Resources Department by **5 p.m.** on **December 6, 2013**. ORS 536.050(1)(j). Persons may mail or deliver protests and request for hearing to:

Mary Grainey  
Oregon Water Resources Department  
725 Summer Street NE Suite A  
Salem, OR 97301

Any person may be represented by legal counsel at the hearing. Any person filing a protest or requesting a hearing will be notified of the time and place of the hearing and given information on the procedures, right of representation and other rights of parties relating to the conduct of the hearing before commencement of the hearing. The hearing will be conducted by an administrative law judge from the Office of Administrative Hearings.

If you do not request a hearing within the time specified in this notice, or if you withdraw a request for hearing, notify the Department or the administrative law judge that you will not appear or fail to appear at a scheduled hearing, the Director may issue a final order. If the Director issues a final order by default, the Director will designate the Department's file on this matter as the record for the purpose of proving a prima facie case upon default.

For further information contact: Mary Grainey 503-986-0833,

## Certificate Issuance

Following is a list of certificates that have been recently issued. If you are viewing this electronically then you should be able to view the certificate by clicking on the underlined blue text. Appeal rights are provided on each certificate document.

If under the file number the "App:" abbreviation for application is provided then any person owning an application, permit or water right certificate subsequent in priority to a certificate listed here may file a protest within three months of issuance of the certificate. See Oregon Revised Statutes 537.260. Rules governing protests are in Oregon Administrative Rules Chapter 690 division 002. Any protest must be accompanied by a protest fee of \$700. (ORS 536.050(1)(j)(A)).

\* We are required by law to charge a fee of \$25 to mail a copy of proposed and final orders on a pending permit or permit extension applications to any interested person. Please include a check made out to the Oregon Water Resources Department in the amount of \$25 for each type of order you would like mailed to you. This fee entitles you to also receive a copy of the final order, when issued. (Copies of proposed and final orders are also available for viewing – at no charge – at our Salem office or at the local watermaster office or online.)
