PUBLIC NOTICE OF WATER USE REQUESTS

September 27, 2011

*This notice is also available on our web page at the following address:
http://apps.wrd.state.or.us/apps/misc/wrd_notice_view/?notice_id=21*

This publication lists agency activities requiring public notice. It also describes public comment processes and deadlines. Types of water use requests in this week's Public Notice include:

- * **Permit Application Initial Reviews, Proposed Final Orders, and Final Orders**
Applications for permits to use, store, divert or pump surface water or groundwater. Includes applications by the state Departments of Fish & Wildlife, Environmental Quality or Parks and Recreation for water to be used and kept in-channel.
- * **Extension of Time Checkpoint Progress Reports filed pursuant to OAR 690-315**
Documents the progress made toward development of the water use project since approval of the last permit extension and/or the last progress report checkpoint. (OAR 690-315 pertains to permit extension applications filed on or after July 1, 2001.)
- * **Application for Instream Lease**
Application by water right holder to lease existing water rights to instream use.
- * **Transfer Applications: Regular**
Requests to change point of diversion or appropriation, place of use, or character of use upon which the public may comment. The changes may be proposed in an application for a transfer (including instream or historic POD), an exchange, or a substitution.
- * **Transfer Preliminary Determinations**
Requests to change point of diversion or appropriation, place of use, and character of use upon which the public may protest the application and Department's preliminary determination.
- * **District Permanent Transfers (ORS 540.580)**
Petitions requesting transfers in place of use within a district's boundaries.
- * **Certificate Issuance**
Included in this section is a listing of recently issued water right certificates.

* **Water Management and Conservation Plans**

Water management and conservation plans submitted by municipalities and agricultural water suppliers under provisions of OAR Chapter 690, Division 86.

The Public Notice is published each week on the Department's web site at <http://www.wrd.state.or.us/>. If you would like to receive a *free* weekly notification when it is published, please send your request to "Jonnine.L.SKAUG@wrđ.state.or.us".

Permit Application Initial Reviews and Proposed Final Orders

The following pages of this notice list permit applications that the Oregon Water Resources Department is evaluating for compliance with state water laws and regulations. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules by implementing a mitigation project or by obtaining mitigation credits made available by a completed mitigation project. Surface water and/or reservoir permit applications in the Deschutes Basin may be proposed ground water mitigation projects.

Initial Review Stage (IR in the "Stage" column of the permit listing)

The Department has given the applicant the results of an initial review of water use restrictions, water availability and other limits that affect the agency's decision on whether to issue a permit. The applicant has asked the agency to proceed to the next stage of evaluation. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use.

The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, October 27, 2011. Although we cannot respond individually to all comments, each will be considered as the agency makes its permit decision.

Proposed Final Order Stage (PFO in the "Stage" column of the permit listing)

The proposed final order is the Department's preliminary decision on the water use request. It will indicate how the comments received on the application in the first stage were considered. The PFO documents the agency's decision through specific findings. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$20. (Any person paying \$20 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed for free at the Department's Salem Office or at the district watermaster office nearest the proposed use. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, November 11, 2011.

The protest filing fee is \$300 for the applicants and \$600 for non-applicants. Detailed requirements for filing a protest will be sent with copies of the PFO. Persons who support the PFO may file a "standing" fee of \$150 to retain the ability to participate in future proceedings relating to an application. Before participation is allowed, an additional \$300 will be required at the time of the proceeding.

If a protest or comment deadline falls on a day that the office is closed then the next open business day automatically becomes the deadline date. In addition to the usual state or federal office closures, the Oregon Water Resources Department headquarters office will be closed on the following Fridays: October 16, 2009; November 27, 2009; March 19, 2010; April 16, 2010; June 18, 2010; August 20, 2010; September 17, 2010; November 26, 2010; March 18, 2011; and May 20, 2011.

Extensions of Time Progress
Checkpoint Progress Reports filed pursuant to OAR 690-315

Consistent with OAR 690-315-0050(6), the Department will accept public comment on the following Extension of time Checkpoint Progress Reports until October 27, 2011. Comments must be in writing and must indicate the application file and permit numbers. Following the comment period, the Department shall review evidence to determine whether or not the permit holder has been diligent in developing and perfecting the water use permit and has complied with all terms and conditions of the permit and/or extension of time. Additionally, the Department will provide notice of its determination to anyone who has submitted comments.

Extension file information is included in the following format:

- (a) Permit holder's name and address;
- (b) Application file number / permit number
- (c) County of use
- (d) Quantity of permitted water use in gallons per minute (gpm), cubic feet per second (cfs) or acre feet (af);
- (e) Common name of water source(s) listed in the permit;
- (f) Use of water allowed under the permit;
- (g) Current authorized extension date ("C" date)

Applications for Instream Lease

ORS 537.348 authorizes a water right holder to lease their existing water right(s) to instream use for a limited time. For the term of the lease, the water right holder agrees to suspend use of water under the original right. The state is the trustee for water rights leased for instream use. OAR 690-077-0077 requires that the Department public notice the lease applications.

The deadline for submitting claims of injury to existing water rights or enlargement of the original right against a lease application is October 18, 2011. Parties to the lease, including the Department, will review any such claims before the lease is finalized. The lease files are available for viewing at the Salem office of the Water Resources Department.

Transfer Applications: Regular

The holder of a water right may apply to permanently change an existing water use subject to transfer as defined in ORS 540.505(4). An application may involve any of the following changes: Point of diversion or appropriation (POD; POA); Additional point of diversion or appropriation (APOD; APOA); Historic POD (HIST); Place of use (POU); Character of use (USE); Instream (ISWR); Substitution (SUB); or Exchange (EXCH).

The Department seeks public comment on the recently-filed transfer applications listed below. Any person may comment on a transfer application. Comments must be received by the Department on or before October 27, 2011. Any person who provides comments within the comment period will receive a copy of the Department's preliminary determination of whether the application should be approved or rejected after the Department has completed a review of the application and will be provided an opportunity to protest the application and preliminary determination at that time.

Transfer Preliminary Determinations

A Preliminary Determination provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued preliminary determinations on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(2) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than ¼ mile where there are no intervening diversion points.

Any person may protest the application and preliminary determination or may file a standing statement. Pursuant to OAR 690-380-4030(3) and OAR 690-382-0900, protests must raise all reasonably ascertainable issues and include all reasonably available arguments supporting the person's position. In addition, protests must be accompanied by a \$600 protest fee for non-applicant and \$300.00 protest fee for applicant. A Water Right Transfer Protest Form is available at <http://www.oregon.gov/OWRD/PUBS/forms.shtml> or by calling 503-986-0888. Protests must be received by the Department on or before October 27, 2011, or within 30 days of the last date of publication in a newspaper, whichever is later. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

T-9715 filed by Woody Wolfe, 81544 HWY 82, Wallowa, OR 97885, proposes a change in point of diversion under Certificate 3922. The right allows the use of 0.49 cubic foot per second (priority date August 11, 1922) from the South Fork of Wallowa River, aka Lostine River, in Sec. 30, T 1 N, R 43 E, W.M. for irrigation in Sec. 19, T 1 N, R 43 E, W.M. The applicant proposes to move the point of diversion approximately 2.17 miles upstream in Sec. 33, T 1 N, R 43 E, W.M. The Water Resources Department has concluded that the proposed transfer appears to be consistent with the requirements of ORS Chapter 540 and OAR 690-380-5000. The Water Resources Department has concluded that the proposed transfer appears not to be consistent with the requirements of ORS Chapter 540 and OAR 690-380-5000 due to injury of instream right certificate 59814. Per applicant request, the Department is seeking a recommendation from ODFW to consent to the injury under OAR 690-380-5050. T-9715 will be denied unless ODFW recommends that the Department consent to injury of the instream right due to a net benefit to the resource and no protests are filed.

T-10425 filed by Dale and Lavonne Marsland and Brian and Marlene Farber of Bonanza, Or 97623 and Dan Cohan and Mary Hunnicutt of Arivaca, AZ, 85601, proposes changes in character of use under Certificates 34770, 83670, 34773 and 34774 and a place of use change under Certificate 34774. Certificate 34770 allows storage of water in Frank Worden Reservoirs 1 and 3 for irrigation and stock use; Certificate 83670 allows use of water from Reservoir 2 for irrigation and stock use; Certificate 34773 allows storage of water in Reservoir 2 for irrigation and stock; Certificate 34774 allows use of water from Reservoir 2 for supplemental irrigation and stock, all in Sec. 29 and 33, T39S, R11E, W.M.

The applicants propose to change the use under Certificates 34470 and 34773 to Storage for Multiple Purposes; and Certificate 83670 to Agriculture Water Use, Riparian Enhancement, Supplemental Irrigation, Stock, Recreation and Wildlife Use for Reservoir 1 and Domestic Use Expanded for one household, Agricultural Water Use, for Stock, Recreation and Wildlife Use for Reservoir 3; and to change Certificate 34774 to Domestic Use Expanded for two households, Agricultural Water Use, Riparian Enhancement Stock, Recreation, Wildlife and Aquatic Live Water Use. The place of use change for Certificate 34774 is within Section 33, T39S, R11E, W.M.

T-10894 filed by LAKEVIEW WATER USERS, INC., 91164 WATER USERS LANE, LAKEVIEW, OR, 97630, and receiving landowner GLEN MARTIN, 17819 WESTSIDE ROAD, LAKEVIEW, OR, 97630, proposes a change in place of use under Certificate 85839 and Permit 43956. The right allows the use of 0.22 CUBIC FEET PER SECOND (priority date JANUARY 21, 1907, Drews Creek; JULY 31, 1908, Cottonwood Creek) from DREWS CREEK and RESERVOIR and COTTONWOOD CREEK and RESERVOIR in Sec. 5 and 11, T 40 S, R 18 E, W.M., Sec. 29, T 38 S, R 19 E, W.M. and Sec. 16, T 39 S, R 19 E, W.M., for IRRIGATION in Sec. 13, T 39 S, R 19 E, W.M. The applicant proposes to change the place of use to Sec. 35, T 39 S, R 19 E, W.M. The Water Resources Department has concluded that the proposed transfer does not meet the requirements of ORS Chapter 540 and OAR 690-380-3000 for completeness. The Water Resources Department intends to deny Transfer Application T-10894.

District Permanent Transfers (ORS 540.580)

A district may request to permanently change the place of use within district boundaries. A district may provide notice to the Department of a change before it is made, and shall submit a district permanent application prior to the end of the calendar year in which the change occurs. The Department shall approve the transfer application provided it does not cause injury to existing water rights or expand the water use. The final order approving the permanent transfer is subject to protest.

This public notice also includes district notices of proposed changes. The Department will accept comments on injury and enlargement of changes in place of use associated with the notice and use those comments in the review of the proposed change.

The Department seeks public comment on recently filed district transfer applications listed below. The deadline for comments or protests to the transfer application must be received by the Department on or before October 27, 2011. The Department will hold a contested case hearing if: 1) a protest and \$600 protest fee for non-applicant and \$300.00 protest fee for applicant are received within the time allowed; or 2) the Department finds a hearing is needed to determine whether the proposed changes would result in injury to existing rights. (If a water user believes that a proposed change could injure a water delivery within a district's boundaries, the matter will be resolved directly between the district and the water user.)

Water Management and Conservation Plans

The Department is required to give notice and to invite public review and comment on Water Management and Conservation Plans submitted pursuant to OAR Chapter 690, Division 086. The Department will consider all public comments in its review of the draft plan and will report the results of the review to the water supplier 90 days from the time the plan was submitted.

Any person may review and comment on a draft plan on or before October 27, 2011. The plans are available for viewing at the Salem office of the Water Resources Department. Comments should focus on elements in the draft that do not meet the requirements of OAR Chapter 690, Division 086 and should include suggestions on how to bring the draft into compliance with the rules.

Plans have been submitted by the following agricultural and municipal water suppliers:

City of Wood Village (Municipal)
Deschutes Valley Water District (Municipal)

To review any of the above plans or to provide comments on the plans, contact Lisa Jaramillo at 503-986-0880 or lisa.j.jaramillo@wrd.state.or.us.

Certificate Issuance

Following is a list of certificates that have been recently issued. If you are viewing this electronically then you should be able to view the certificate by clicking on the underlined blue text. Appeal rights are provided on each certificate document.

If under the file number the "App:" abbreviation for application is provided then any person owning an application, permit or water right certificate subsequent in priority to a certificate listed here may file a protest within three months of issuance of the certificate. See Oregon Revised Statutes 537.260. Rules governing protests are in Oregon Administrative Rules Chapter 690 division 002. Any protest must be accompanied by a protest fee of \$600. (ORS 536.050(1)(j)(A)).
