

In-Situ Remediation Technologies

When: October 18, 2007
9:30 a.m. - 4:00 p.m.
Where: Oregon Zoo
Portland, OR
Cost: free
Sponsor: Cascade Drilling, Inc.
Contact: telephone: (503)775-4118

Course Description: An overview of several different in-situ remediation technologies. All methods involve drilling of injection points, and/or installation of groundwater monitoring wells, to inject various fluid compounds for the treatment of contaminated soils and groundwater used to monitor the effectiveness of the treatment method.

Complimentary lunch included, please RSVP by October 12, 2007.

The Well Constructor Continuing Education Committee has assigned five (5) continuing education credits (CECs) to this course.
