Initial Review and Proposed Final Orders

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (Basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules.

Initial Review Stage (IR)

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use.

The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, April 16, 2015. Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

Proposed Final Order Stage (PFO)

The proposed final order is the Department's penultimate decision on the water use request. The PFO documents the agency's decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$25. (Any person paying \$25 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed free of charge online at: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, May 01, 2015.

The protest filing fee is \$350 for the applicants and \$700 for non-applicants. Detailed requirements for filing a protest are included in the PFO. Persons who support the PFO may file a "standing" fee of \$200 to retain the ability to participate in future proceedings relating to an application. Before participation in a hearing is allowed, an additional \$500 will be required to request to participate as a party or limited party.

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

Transfer Preliminary Determinations

A Preliminary Determination provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued preliminary determinations on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(2) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than ¼ mile where there are no intervening diversion points.

Any person may protest the application and preliminary determination or may file a standing statement. Pursuant to OAR 690-380-4030(3) and OAR 690-382-0900, protests must raise all reasonably ascertainable issues and include all reasonably available arguments supporting the person's position. In addition, protests must be accompanied by a \$700 protest fee for non-applicant and \$350.00 protest fee for applicant. A Water Right Transfer Protest Form is available at <http://www.oregon.gov/OWRD/PUBS/forms.shtml> or by calling 503-986-0888. Protests must be received by the Department on or before April 16, 2015, or within 30 days of the last date of publication in a newspaper, whichever is later. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

T-11365 filed by Water Right Services LLC, John Short, PO Box 1830, Bend, OR 97709, proposes a change of place of use and character of use under Certificate 87048. The right allows the use of 0.366 cfs from the Little Deschutes River in Sec. 34, T23S, R9E, WM for irrigation of 14.63 acres in Sec 27, T22S, R10E, W.M. The applicant proposes to create an instream use in the Little Deschutes River and Deschutes River from the point of diversion to Lake Billy Chinook at a maximum of 0.366 cfs, and to establish mitigation credits in the Deschutes Groundwater Study Area. The application was amended to modify the instream use and propose cancellation of 0.37 acre. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540, OAR 690-380-5000 and OAR 690-077-0075. The Department has also concluded that the proposed transfer appears to result in mitigation credits pursuant to OAR 690-521-0300 and OAR 690-521-0400.

T-11919 filed by Allen Maxfield, 329 Island Ave, Newport Beach, CA 92661, proposes a point of diversion change under Certificate 65750. The right allows the use of 0.11 cfs from Williamson River in Sec. 22, T34S, R7E, WM for irrigation in Sec. 22. The applicant proposes to move the point of diversion within Sec. 22, T34S, R7E, WM. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000.

T-11859 filed by Samuel and Sara Tucker and Daniel Tucker, 105 N. Main, Milton-Freewater, OR, 97862, proposes changes in points of diversion under Certificates 89419 and 1724. Certificate 89419 allows the use of 0.458 cfs; Certificate 1724 allows the use of 0.437 cfs, from two diversions on Johnson Creek, located within Sec. 29; T6N, R35E, W.M., for irrigation in Sects. 29 and 30. The applicant proposes to change the point of diversion to within Sec. 29. The Water Resources Department has concluded that the proposed transfer appears to be consistent with the requirements of ORS Chapter 540, OAR 690-380-2110 and 690-380-5000.
