

OREGON WATER RESOURCES DEPARTMENT

725 Summer Street NE Suite A
Salem OR 97301

PUBLIC NOTICE OF WATER USE REQUESTS
February 16, 2016

*This notice is also available on our web page at the following address:
http://apps.wrd.state.or.us/apps/misc/wrd_notice_view/?notice_id=21*

This publication lists agency activities requiring public notice. It also describes public comment processes and deadlines. Types of water use requests in this week's Public Notice include:

- * **Permit Application Initial Reviews, Proposed Final Orders, and Final Orders**
Applications for permits to use, store, divert or pump surface water or groundwater. Includes applications by the state Departments of Fish & Wildlife, Environmental Quality or Parks and Recreation for water to be used and kept in-channel.
- * **Applications for Extensions of Time to Perfect Water Right Permits**
New applications received and proposed final orders regarding requests to extend time limits to fully develop water use projects and beneficially apply water.
- * **Application for Instream Lease**
Application by water right holder to lease existing water rights to instream use.
- * **Transfer Preliminary Determinations**
Requests to change point of diversion or appropriation, place of use, and character of use upon which the public may protest the application and Department's preliminary determination.
- * **Transfer Applications: Temporary Transfers**
Requests to temporarily change place of use and, if necessary to convey the water to the new place of use, to temporarily change the point of diversion or appropriation.
- * **Transfer Applications: Regular**
Requests to change point of diversion or appropriation, place of use, or character of use upon which the public may comment. The changes may be proposed in an application for a transfer (including instream or historic POD), an exchange, or a substitution.
- * **Ground Water Registration Modifications**
Applications requesting Department recognition of changes in point of appropriation, place of use and character of use under a ground water certificate of registration.
- * **District Permanent Transfers (ORS 540.580)**
Petitions requesting transfers in place of use within a district's boundaries.
- * **Water Management and Conservation Plans**
Water management and conservation plans submitted by municipalities and agricultural water suppliers under provisions of OAR Chapter 690, Division 86.

- * **Certificate Issuance**
Included in this section is a listing of recently issued water right certificates.
- * **Proposed Final Order Amending Prospect Project**
- * **Proposed Final Order and Draft License For A Minor Hydroelectric Project**
- * **Establishment of Mitigation Credits in the Deschutes Basin pursuant to OAR Chapter 690, Division 521 (ORS 537.746)**

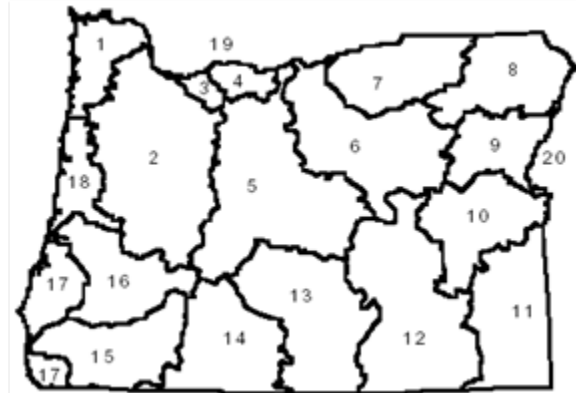

The Public Notice is published each week on the Department's web site at <http://www.wrd.state.or.us/>. If you would like to receive a *free* weekly notification when it is published, please send your request to Kate.M.Fitzgerald@wrđ.state.or.us.

Initial Review and Proposed Final Orders

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (Basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules.

Initial Review Stage (IR)

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use.

The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, March 17, 2016. Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

Proposed Final Order Stage (PFO)

The proposed final order is the Department's penultimate decision on the water use request. The PFO documents the agency's decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$25. (Any person paying \$25 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed free of charge online at: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, April 01, 2016.

The protest filing fee is \$350 for the applicants and \$700 for non-applicants. Detailed requirements for filing a protest are included in the PFO. Persons who support the PFO may file a "standing" fee of \$200 to retain the ability to participate in future proceedings relating to an application. Before participation in a hearing is allowed, an additional \$500 will be required to request to participate as a party or limited party.

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

Proposed Final Orders Regarding Applications for Extensions of Time for Water Right Permits

ORS 537.230, 537.248, 537.630 and 539.010 authorize the Water Resources Department to extend time limits contained in water right permits for completing construction of water development projects and applying water to full beneficial use. Procedures for permit holders to apply for extensions and for the Department to evaluate and determine whether or not to approve extensions of time are contained in OAR 690-320-0010 for extensions filed before July 1, 2001, and in OAR 690-315-0010 for extensions filed on or after July 1, 2001.

Proposed Final Orders (PFO's) are the Department's preliminary decision on extension requests. They document the agency's decision through specific findings. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$25. (Any person paying to receive a PFO by mail will also receive a copy of the Final Order when it is issued). PFO's may be viewed for free at the Department's Salem Office or at the appropriate watermaster district office.

Extension of Time Public Notice and Comment Procedures

Written comments on or written protests against a PFO must be submitted on or before April 01, 2016. There is no fee for submission of comments. The protest filing fee is \$350 for the applicant and \$700 for non-applicants. Detailed requirements for filing a protest will be sent with copies of the PFO.

Applications for Instream Lease

ORS 537.348 authorizes a water right holder to lease their existing water right(s) to instream use for a limited time. For the term of the lease, the water right holder agrees to suspend use of water under the original right. The state is the trustee for water rights leased for instream use. OAR 690-077-0077 requires that the Department public notice the lease applications.

The deadline for submitting claims of injury to existing water rights or enlargement of the original right against a lease application is March 08, 2016. Parties to the lease, including the Department, will review any such claims before the lease is finalized. The lease files are available for viewing at the Salem office of the Water Resources Department. If you have questions or comments please contact the Lease Specialist at 503-986-0898.

Transfer Applications: Regular

The holder of a water right may apply to permanently change an existing water use subject to transfer as defined in ORS 540.505(4). An application may involve any of the following changes: Point of diversion or appropriation; Additional point of diversion or appropriation; Historic POD; Place of use; Character of use; Instream; Substitution; or Exchange.

The Department seeks public comment on the recently-filed transfer applications listed below. Any person may comment on a transfer application. Comments must be received by the Department on or before March 17, 2016. Any person who provides comments within the comment period will receive a copy of the Department's preliminary determination of whether the application should be approved or rejected after the Department has completed a review of the application and will be provided an opportunity to protest the application and preliminary determination at that time.

Transfer Preliminary Determinations

A Preliminary Determination provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued preliminary determinations on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(2) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than ¼ mile where there are no intervening diversion points.

Any person may protest the application and preliminary determination or may file a standing statement. Pursuant to OAR 690-380-4030(3) and OAR 690-382-0900, protests must raise all reasonably ascertainable issues and include all reasonably available arguments supporting the person's position. In addition, protests must be accompanied by a \$700 protest fee for non-applicant and \$350.00 protest fee for applicant. A Water Right Transfer Protest Form is available at <http://www.oregon.gov/OWRD/PUBS/forms.shtml> or by calling 503-986-0807. Protests must be received by the Department on or before March 17, 2016, or within 30 days of the last date of publication in a newspaper, whichever is later. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

T-12074 filed by Terra Enterprises LLC DBA Five Oak Farms/Jerry Ditchen, 7705 Hazelgreen Rd NE, Salem, OR 97305, proposes a point of appropriation change under Registration Application GR-122 (Certificate of Registration GR-113). The registration allows the use of 320 gallons per minute from a well in Sec. 26, T6S, R2W, WM for irrigation in Sec. 26. The applicant proposes to move the point of appropriation within Sec. 26. The Water Resources Department proposes to approve the modification, based on the requirements of ORS Chapter 540 and OAR 690-382-1000.

T-12025 filed by Jean A. Jones, Trustee, 2756 SW Golf Course Rd, Cornelius, OR 97113, proposes a place of use change under Certificate 23300. The right allows the use of 0.08 cubic foot per second from the Tualatin River in Sec. 3, T1S, R3W, W.M. for irrigation in Sections 3 and 10. The applicant proposes to change the place of use to Sec. 10, T1S, R3W, W.M. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000.

Transfer Applications: Temporary Transfer

The holder of a water right subject to transfer may request to temporarily change the place of use of the water for up to 5 years and, if necessary to convey the water, to temporarily change the point of diversion or appropriation. The Department shall approve the request provided it does not cause injury to existing water rights or enlarge the water use. If after the change is approved, it is found to cause injury, the approved change may be revoked. The use of water reverts to the authorized place of use upon expiration of the temporary change.

Notice is given that the following applications for Temporary Transfers have been received by the Department:

Transfer Applications: Ground Water Registration Modification

The holder of a ground water certificate of registration may request that the Department recognize a change in point of appropriation, place of use or character of use under the ground water registration. Modifications of ground water registrations are authorized under ORS 537.610(4) and OAR Chapter 382.

The Department seeks public comment on the recently-filed applications for recognition of modifications in ground water registrations listed below. Any person may comment on an application for a ground water registration modification. Comments must be received by the Department on or before March 17, 2016. Any person who provides comments within the comment period will receive a copy of the Department's preliminary determination of whether the application should be recognized after the Department has completed a review of the application and will be provided an opportunity to protest the application and preliminary determination at that time.

District Permanent Transfers (ORS 540.580)

A district may request to permanently change the place of use within district boundaries. A district may provide notice to the Department of a change before it is made, and shall submit a district permanent application prior to the end of the calendar year in which the change occurs. The Department shall approve the transfer application provided it does not cause injury to existing water rights or expand the water use.

This public notice includes district notices of proposed changes. The Department will accept comments on injury and enlargement of changes in place of use associated with the notice and use those comments in the review of the proposed change.

Any potentially affected holder of an existing water right may file, jointly or severally, with the department, a protest against approval of the petition on or before February 25, 2016. The Department will hold a contested case hearing if: 1) a protest and \$700 protest fee for non-applicant and \$350.00 protest fee for applicant are received within the time allowed; or 2) the Department finds a hearing is needed to determine whether the proposed changes would result in injury to existing rights. If a water user believes that a proposed change could injure a water delivery within a district's boundaries, the matter will be resolved directly between the district and the water user. Within 20 days after the Department issues a final order, the district or any protestant may file with the Water Resources Commission exceptions to the final order.

Water Management and Conservation Plans

The Department is required to give notice and to invite public review and comment on Water Management and Conservation Plans submitted pursuant to OAR Chapter 690, Division 086. The Department will consider all public comments in its review of the draft plan and will report the results of the review to the water supplier 90 days from the time the plan was submitted.

Any person may review and comment on a draft plan on or before March 17, 2016. The plans are available for viewing at the Salem office of the Water Resources Department. Comments should focus on elements in the draft that do not meet the requirements of OAR Chapter 690, Division 086 and should include suggestions on how to bring the draft into compliance with the rules.

Plans have been submitted by the following agricultural and municipal water suppliers:

City of Seaside (Municipal)

To review any of the above plan(s) or to provide comments on the plan(s), contact Lisa Jaramillo at 503-986-0880 or Lisa.J.Jaramillo@wrđ.state.or.us.

Certificate Issuance

Following is a list of certificates that have been recently issued. If you are viewing this electronically then you should be able to view the certificate by clicking on the underlined blue text. Appeal rights are provided on each certificate document.

If under the file number the “App:” abbreviation for application is provided then any person owning an application, permit or water right certificate subsequent in priority to a certificate listed here may file a protest within three months of issuance of the certificate. See Oregon Revised Statutes 537.260. Rules governing protests are in Oregon Administrative Rules Chapter 690 division 002. Any protest must be accompanied by a protest fee of \$700. (ORS 536.050(1)(j)(A)).

**Notice of Proposed Final Order
For an Amendment to
PacifiCorp's Prospect Hydroelectric Projects**

The Oregon Water Resources Department seeks public comments or protests on an Amendment to the Prospect Hydroelectric Projects (Project) under water right Certificates 9688, 11218 and 11282. If you would like a copy of the Proposed Final Order or have questions please contact Mary Graine (mailto:Mary.S.Graine@wr.d.state.or.us) at 503-986-0833; or Ann Reece (mailto:reeceal@wr.d.state.or.us) 503-986-0834.

Applicant: PacifiCorp, c/o John Sample
Address: 825 NE Multnomah St, Suite 1800, Portland, OR 97232
County: Jackson
Amendment: To augment diversions for the Prospect Hydroelectric Projects authorized under Water Right Certificates 11218 and 11282 by up to 40 cubic feet per second (CFS) during times when flows are greater than 725 CFS on the North Fork Rogue River. Additional diversions from the North Fork would be offset by corresponding reductions in diversions at Middle Fork Rogue River, and at Red Blanket Creek authorized under Certificate 9688. This Amendment would result in no net increase in the total diversion of the 1050 cfs authorized under the Project. This proposed Amendment is endorsed by Oregon Department of Fish and Wildlife as meeting the standards in OAR 690-053-0025(1). This proposed Amendment would not increase the Project's hydraulic capacity or generation capacity.

Any person may file with the Department a protest against the approval of the application on the grounds of injury to an existing water right and impacts to fish and wildlife values or water quality.

Any person may protest this proposed order and request a hearing as provided by the Administrative Procedures Act, Oregon Revised Statutes Chapter 183 by filing a protest and request for hearing by **April 1, 2016**. A protest must be in writing, accompanied by a fee of **\$700.00**, and received at the Oregon Water Resources Department by **5 p.m.** on **April 1, 2016**. ORS 536.050(1)(j). Persons may mail or deliver protests and request for hearing to:

Please send comments or protests to:
Mary Graine or Ann Reece

Proposed Final Order and Draft License
For A Minor Hydroelectric Project

The Department seeks public comments and/or objections on a Proposed Final Order and draft license containing water right for water use at a minor hydroelectric project. Comments and/or objections must be submitted within 60 days of publication of the notice. The application and supporting documents can be viewed at the Water Resources Department, 725 Summer St. NE, Suite A, Salem, OR 97301-1271. If you would like a copy of the Proposed Final Order and draft certificate(s) please contact Ann Reece (503) 986-0834, Mary Grainey (503) 986-0833. A copying fee will be assessed as allowed in ORS Chapter 536.050(1)(e).

Application:	HE 613
Applicant:	Lionel Youst
Address:	12445 Hwy 241 Coos Bay OR 97420
Quantity:	0.9 cubic feet per second (cfs)
Source:	An unnamed stream, tributary to East Fork Millicoma River
Point of Diversion:	24S 11W 33 NESE TAX LOT 100
Place of Use:	24S 11W 33 NESE TAX LOT 100
Purpose:	Electricity production for onsite use
Power developed:	Up to 7.15 Theoretical horsepower

Comments are Due April 18, 2016, 5 PM.

Establishment of Mitigation Credits in the Deschutes Basin

ORS 537.746 authorizes the Department to award mitigation credits in the Deschutes Basin to approved mitigation projects. Mitigation credits may be used in the Deschutes Basin, specifically the Deschutes Ground Water Study Area, to mitigate for the impacts of ground water use on surface water flows. Pursuant to OAR Chapter 690, Division 521, upon receipt of notification of a mitigation project, the Department shall give public notice of the intent to establish mitigation credits.

The public is invited to comment on establishment of mitigation credits for the project(s) described below. Comments must be received within 21 days of the date of this public notice. Comments should address the award of mitigation credits to the proposed project and its use for mitigation purposes. Included in this public notice is a preliminary determination as to the amount of mitigation credits that may be available from the proposed project.

Mitigation Project:	MP-204, Deschutes County
Project Applicants:	Deschutes River Conservancy Mitigation Bank Central Oregon Irrigation District on behalf of several land owners
Mitigation Project And Process:	Instream Lease Application IL-1505 (see also February 9, 2016 public notice for additional lease application details)
Subbasin/Source:	Middle Deschutes subbasin: Deschutes River, tributary to the Columbia River
Amount of Water:	up to 0.602 CFS with a maximum seasonal volume of 193.22 AF
Current Use:	Irrigation of 35.45 acres
Credits Assigned to:	Deschutes River Conservancy Mitigation Bank
Preliminary Mitigation Credit Determination:	up to 63.8 Mitigation Credits that may be available in the Middle Deschutes and General Zones of Impact
