

## 2009 Washington Hydrogeology Symposium

**When:** April 28-30, 2009

**Where:** Greater Tacoma Convention and Trade Center  
Tacoma, Washington

**Cost:** varies, \$75 and up

**Organized by:** Washington Department of Ecology and the U.S. Geological Survey

**Contact:** Joy Thompson at [joythompson@wsu.edu](mailto:joythompson@wsu.edu) or their website  
[www.ecy.wa.gov/events/hg/](http://www.ecy.wa.gov/events/hg/) for registration and more information

### Well Driller Session

A first of its kind offering, this session will provide 2.0 hours of continuing education units (CEUs) for Washington and 2.0 hours of continuing education credits (CECs) for Oregon rules. Each of these presentations will briefly discuss the state-specific laws governing the drilling of geotechnical holes, water wells and monitor wells, including notices and reporting requirements for drillers, geologists, and engineers. The session will also offer general continuing education related to the design and installation of low-cost groundwater sparging and soil vapor extraction systems, an off-site sonic drilling demonstration, and other presentations to be determined.

Time: Thursday April 30, 8 AM to 4 PM.

Leader: Bill Lum, Washington Department of Ecology, [blum461@ecy.wa.gov](mailto:blum461@ecy.wa.gov), (360) 407-6648;  
Tracy Fox, Oregon Water Resources Department.

Contact: Bob Miller, [robertmiller8701@comcast.net](mailto:robertmiller8701@comcast.net), (503) 650-7726

Cost: \$100 workshop only. \$35 if registered for the Symposium. Includes lunch.

Maximum Size: 50 participants.

*"Oregon Rules & Regulations - 2009" course. Two (2) continuing education credits (CECs) in the OR/gw well laws category.*
