## Update on Recent Investments in Water Studies, Planning, and Projects

Water Resources Commission Meeting – August 19, 2016

Racquel Rancier, Senior Policy Coordinator Kim Ogren, Senior Advisor

## Background

- Water as our foundation
- Drought and challenge of changing climate underscores need
- IWRS identifies suite of actions to:
  - Understand resource, water needs, and coming pressures
  - Meet instream and out-of-stream water needs
- Investments in studies, planning, and projects; essential for success

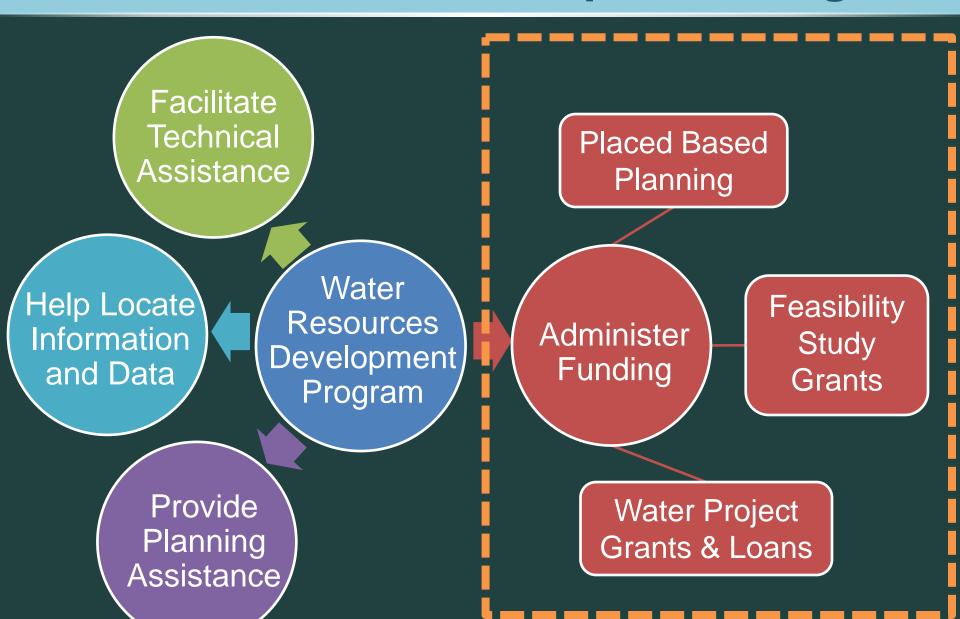

## **Purpose**

## Provide an update on state investments in studies, planning, and projects since 2013

Description	<b>IWRS Action</b>
Place-Based Planning Pilot Grants	9A
Feasibility Study Grants	13C
Water Project Grants and Loans	10E
Upper Deschutes Basin Study	9C
Willamette Basin Review	9C, 10B
Harney Groundwater Study	1A
Umatilla Water Supply Grant	10E
Mosier Well Grants	
Water Development Loan Fund	10E, 13B

# WATER RESOURCES DEVELOPMENT PROGRAM

## Water Resources Development Program

## **WRDP: Place-Based Planning**

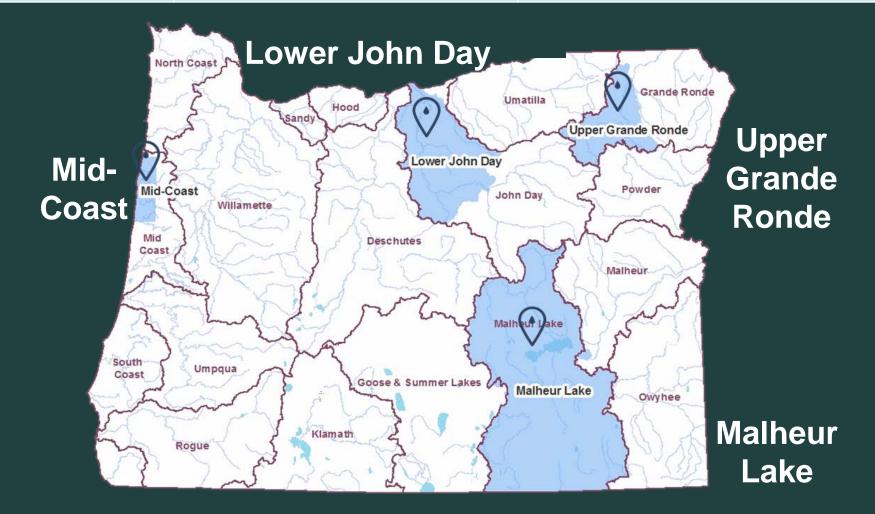

**Purpose:** Understand water resources and develop integrated solutions to address a basin's water needs.

## **WRDP: Place Based Planning Pilots**

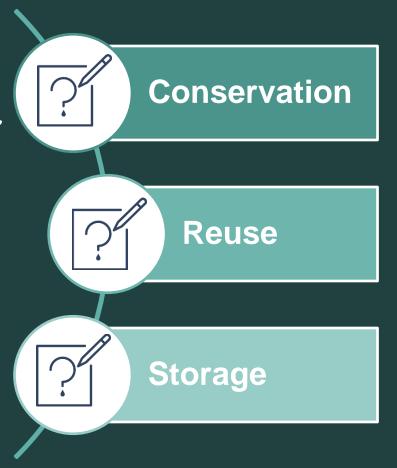

Authorized	Obligated	Remaining
\$750,000	\$657,000 to four pilots	\$93,000 reserve fund

## **WRDP: Feasibility Study Grants**

Purpose: Provide dollarfor-dollar match funding for project planning studies performed to evaluate the feasibility of a water conservation, reuse, or storage project

## **WRDP: Feasibility Study Grants**

2013-2015

\$750,000 in grants (14 studies funded)

2015-2017

\$2.8 million in grants
(~\$1.8 million obligated to 23 studies over two cycles)

Next Cycle Closes October 14, 2016 (~\$1 million available)

## **WRDP: Water Project Grants & Loans**

Purpose: Support the development of water resource projects that have economic, environmental, and social/cultural benefits

## **WRDP: Water Project Grants & Loans**

**2016 Applications:** 37 applications requesting nearly \$51 million

2016 Awards: Awarded 9 grants, totaling ~\$8.9 million

2017 Cycle: ~\$5.1 million available

## OTHER STUDIES, PLANNING, & PROJECTS

## **Harney Groundwater Study**

- Purpose: Provide additional information about the aquifer and whether there is opportunity for new groundwater development
- Amount: \$175,000 cost-share, \$400,000 observation wells, +1 FTE
- **Status:** Underway, Groundwater Study Advisory Committee convened

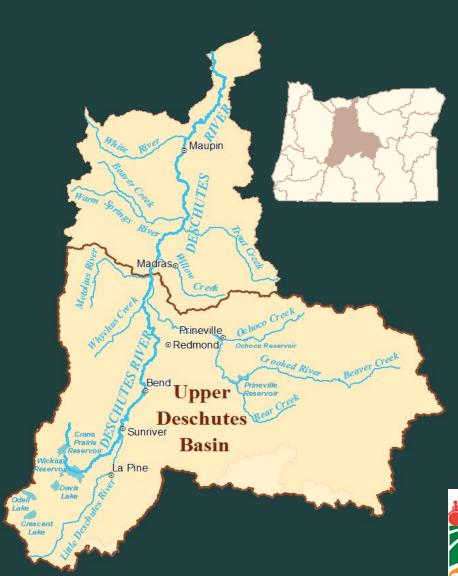

### Willamette Basin Review

- Purpose: Examine the reallocation of stored water in Willamette Basin
- Department cost-share:
   \$1.5 million cash or inkind contribution
- Status: Work underway (see Director's Report)

## **Upper Deschutes Basin Study**

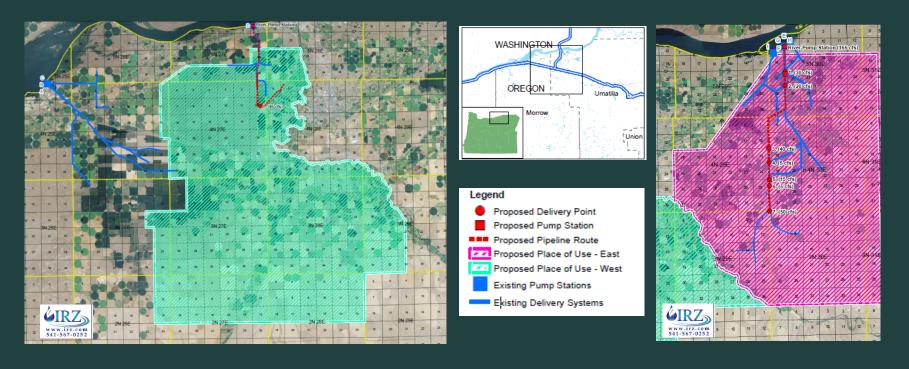

- Purpose: Collaboratively develop and evaluate options for addressing water supply and demand for instream and out-ofstream uses
- Department cost-share: \$750,000
- Status: Expected completion in Fall 2018

## **Umatilla Water Supply Grant**

- Purpose: Develop infrastructure to deliver irrigation water resulting in economic development
- State investment: \$11 million grant
- Status: Water rights & grant agreement in process

## **Mosier Well Grants**

- Purpose: To repair or replace water wells in the Mosier Creek area
- Amount: \$1 million
- Status: Underway; full report in October

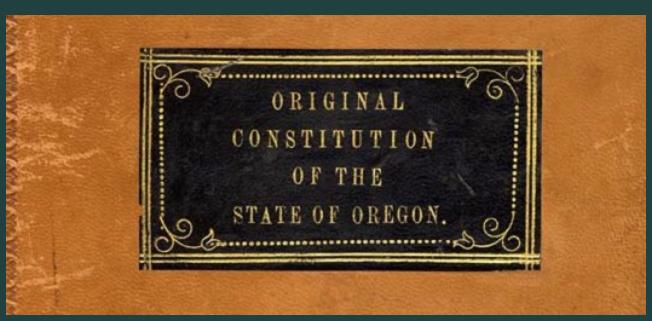

## Water Development Loan Fund

#### 2013-2015

- \$10 million authorized
- No bonds issued

#### 2015-2017

- \$30 million authorized
- No applications to date

## Conclusion

- Support implementation of the IWRS
- Focus on helping Oregonians understand and meet their water needs
- Interagency effort; all divisions engaged
- Success is essential to meet the challenges and coming pressures
- Funding still much less than other states;
   success is critical for future investments

## THANK YOU
