Other Authority:

Statutes Implemented:

ORS 536.220; 536.310; 537.249; 537.356; 537.358

RULE SUMMARY

A reservation of water for future economic development sets aside a quantity of water for storage to meet future needs. The existing OAR 690, Division 079 rules, which outline procedures to establish and extend reservations, have not been updated since the statutes governing reservations were amended in 1995 and 1997. As a result, the Division 079 rules are not consistent with changes in statute. A number of reservations are set to expire over the next few years; therefore, these Division 079 rules are intended to clarify the information requirements and process the Department will follow in considering requests to extend reservations.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing negative economic impact of the rule on business.
