Initial Review and Proposed Final Orders

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (Basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules.

Initial Review Stage (IR)

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency’s decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use. The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, August 24, 2017. Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

Proposed Final Order Stage (PFO)

The proposed final order is the Department’s penultimate decision on the water use request. The PFO documents the agency’s decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of $25. (Any person paying $25 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO’s may be viewed free of charge online at: http://apps.wrd.state.or.us/apps/wr/wrinfo/. Those disagreeing with the Department’s decision as expressed in the PFO have 45 days to file a protest. The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, September 08, 2017.

The protest filing fee is currently $350 for the applicants and $700 for non-applicants. It is likely that all of the protest related fees will increase on July 1, 2017. You should contact the Department to confirm the correct fee before filing any protest or request for standing after June 30, 2017. Detailed requirements for filing a protest are included in the PFO. Persons who support the PFO may file a “standing” fee of $200 to retain the ability to participate in future proceedings relating to an application. Before participation in a hearing is allowed, an additional $500 will be required to request to participate as a party or limited party.

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

Transfer Preliminary Determinations

A Preliminary Determination provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued preliminary determinations on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(2) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than ¼ mile where there are no intervening diversion points.

Any person may protest the application and preliminary determination or may file a standing statement. Pursuant to OAR 690-380-4030(3) and OAR 690-382-0900, protests must raise all reasonably ascertainable issues and include all reasonably available arguments supporting the person's position. In addition, protests must be accompanied by a $700 protest fee for non-applicant and $350.00 protest fee for applicant. A Water Right Transfer Protest Form is available at http://www.oregon.gov/OWRD/PUBS/forms.shtml or by calling 503-986-0807. Protests must be received by the Department on or before August 24, 2017, or within 30 days of the last date of publication in a newspaper, whichever is later. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

T-12526 filed by Anna Mae Albertson Credit Shelter Trust, 92022 Dog Lake Rd, Lakeview, OR 97630, proposes a change in place of use under Certificate 44735. The right allows the use of 1.07 cfs from a well in Sec. 25, T39S, R18E, WM, for irrigation in Sects. 25 and 26. The applicant proposes to change the place of use to Sects. 25 and 26, T39S, R18E, WM. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000.
Notice of District Permanent Transfer for Place of Use

A district may allow a change in place of use prior to the Department issuing a final order approving a district permanent transfer application provided, in part, that (1) the District files a notice with the Department of the change in place of use prior to making the change, and (2) prior to the end of the calendar year in which the change in place of use occurs the District submits a district permanent transfer application for the same change in place of use [ORS 690-385-4100(1)(a) and (b)]. Notices for District Permanent Transfers for Place of Use submitted to the Department are listed below.
