RULE SUMMARY

The amended rules reflect a compilation of final changes resulting from three separate rulemakings undertaken to implement HB 2133 (relating to electronic communications); implement HB 2135 (relating to reductions in newspaper notice requirements), to make certain changes to reflect attorney general advice, and to make certain rules consistent with current statutory provisions. Notice for the three rulemakings was published in the October 1, 2011 issue of the Oregon Bulletin. In many instances, the final proposed rules of the three separate rulemakings resulted in overlapping but separate proposed changes to the same rule. To make it easier to understand the combined effect of the three separate rulemakings, final proposed rules from the three rulemakings were compiled into one combined final proposed rules package for Oregon Water Resource Commission (Commission) consideration. This compilation of final proposed rule changes was adopted by the Oregon Water Resources Commission on January 27, 2012. These changes affected the following Oregon Water Resources Department administrative rule divisions: OAR 690-013; 690-018; 690-019; 690-053; 690-077; 690-300; 690-310; 690-315; 690-330; 690-380; 690-382; and 690-385.
