**RULE SUMMARY**

The Water Resources Commission has adopted amended provisions in administrative rules related to water right transfers (OAR Chapter 690, Division 380) and ground water registration modifications (OAR Chapter 690, Division 382) that eliminate the requirement that applicants submit a copy of written notification to all lien holders and the requirement that lien holder information be included in ownership reports prepared by a title company and submitted to the Department. In addition, the amended rules clarify when ownership reports must be prepared to provide better information to establish that applicants are authorized to pursue a water right transfer or modification of a ground water registration.
