

OREGON WATER RESOURCES DEPARTMENT

725 Summer Street NE Suite A
Salem OR 97301

PUBLIC NOTICE OF WATER USE REQUESTS
July 14, 2020

*This notice is also available on our web page at the following address:
http://apps.wrd.state.or.us/apps/misc/wrd_notice_view/?notice_id=21*

This publication lists agency activities requiring public notice. It also describes public comment processes and deadlines. Types of water use requests in this week's Public Notice include:

- * **Permit Application Initial Reviews, Proposed Final Orders, and Final Orders**
Applications for permits to use, store, divert or pump surface water or groundwater. Includes applications by the state Departments of Fish & Wildlife, Environmental Quality or Parks and Recreation for water to be used and kept in-channel.
- * **Applications for Extensions of Time to Perfect Water Right Permits**
New applications received and proposed final orders regarding requests to extend time limits to fully develop water use projects and beneficially apply water.
- * **Applications for Limited Licenses**
Requests to use water for 5 years or less. Licenses are subordinate to other rights and may be revoked if a use is found to injure other water right holders.
- * **Application for Instream Lease**
Application by water right holder to lease existing water rights to instream use.
- * **Transfer Applications: Regular**
Requests to change point of diversion or appropriation, place of use, or character of use upon which the public may comment. The changes may be proposed in an application for a transfer (including instream or historic POD), an exchange, or a substitution.
- * **Transfer Preliminary Determinations**
Requests to change point of diversion or appropriation, place of use, and character of use upon which the public may protest the application and Department's preliminary determination.
- * **Transfer Applications: Permit Amendments**
Requests to amend permits.
- * **Notice of Receipt of Recommendation to Consent to Injury for Water Right Transfer T-10898**

IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.

- * **Water Management and Conservation Plans**
Water management and conservation plans submitted by municipalities and agricultural water suppliers under provisions of OAR Chapter 690, Division 86.
- * **Water Management and Conservation Plan Progress Reports**
Water management and conservation plan progress reports submitted by municipalities under provisions of OAR Chapter 690, Division 86.
- * **Certificate Issuance**
Included in this section is a listing of recently issued water right certificates.

The Public Notice is published each week on the Department's web site at <http://www.wrd.state.or.us/>. If you would like to receive a *free* weekly notification when it is published, please send your request to Tonya.L.Miller@oregon.gov.

IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.

IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.

Initial Review and Proposed Final Orders

The following pages of this notice list permit applications that the Department is evaluating for compliance with state water law. Public participation and comment is encouraged. Opportunities for public involvement vary according to the stage of the permit evaluation.

Ground water permit applications in the Deschutes Basin (Basin 5) may seek to provide mitigation pursuant to the Deschutes Ground Water Mitigation Rules.

Initial Review Stage (IR)

The Department has given the applicant an initial review of water-use restrictions, water availability and other limitations that affect the agency's decision on whether to issue a permit. The Department welcomes comments from interested persons, agencies and organizations on the proposed water use.

The comment deadline for initial reviews appearing in this public notice is 5pm, Thursday, August 13, 2020. Although we cannot respond individually to all comments, each will be considered as the agency makes its decision regarding proposed allocations.

Proposed Final Order Stage (PFO)

The proposed final order is the Department's penultimate decision on the water use request. The PFO documents the agency's decision through specific findings, including review of comments received. If appropriate, it includes a draft permit specifying any conditions or restrictions on the use. Persons interested in receiving a mailed copy of a PFO must pay a statutorily-required fee of \$30. (Any person paying \$30 to receive a PFO by mail will also receive a copy of the Final Order when it is issued.) PFO's may be viewed free of charge online at: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>. Those disagreeing with the Department's decision as expressed in the PFO have 45 days to file a protest.

The protest deadline for proposed final orders appearing in this public notice is 5pm, Friday, August 28, 2020.

The protest filing fee is \$410 for the applicants and \$810 for non-applicants. Detailed requirements for filing a protest are included in the PFO. Persons who support the PFO may file a "standing" fee of \$230 to retain the ability to participate in future proceedings relating to an application. Before participation in a hearing is allowed, an additional \$580 will be required to request to participate as a party or limited party.

If a protest or comment deadline falls on a day that the office is closed, then the next open business day automatically becomes the deadline date.

<p>IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.</p>

Final Orders - Permit & Limited License Applications

Following is a list of applications for new appropriations that have had final orders issued recently. If you would like a hard copy of an order mailed to you, send a request with \$30.00 for each order to the Water Rights Section, Oregon Water Resources Department, 725 Summer Street NE Suite A, Salem OR 97301. If you have any questions, please contact the Department's customer service staff by dialing 503-986-0801.

Applications for Limited Licenses

A limited license allows the right to use or store water for no more than 5 consecutive years. Use of water under a limited license is subordinate to all other authorized uses and may be shut-off at any time to satisfy those other uses. In addition, the Department may revoke a limited license if its use causes injury to any other water right or minimum perennial streamflow.

Licensees must maintain a record of how much water they are using (ORS 537.143). **The Department may approve a license after July 28, 2020, upon finding that the proposed water use will not impair or be detrimental to the public interest (OAR 690-340-030).** The public is invited to provide comments that will assist the Director in determining whether the use would impair or be detrimental to the public interest. If the applicant applies for a use that is not one of the standard uses listed in OAR 690-300, the Department may, for the purposes of this notice, assign a named use that is reasonably close to the use actually requested. The public may examine the actual application by clicking the associated hyperlink and then choosing "LL Application" under "Scanned Documents."

Applications for Instream Lease

ORS 537.348 authorizes a water right holder to lease their existing water right(s) to instream use for a limited time. For the term of the lease, the water right holder agrees to suspend use of water under the original right. The state is the trustee for water rights leased for instream use. OAR 690-077-0077 requires that the Department public notice the lease applications.

The deadline for submitting claims of injury to existing water rights or enlargement of the original right against a lease application is August 04, 2020. Parties to the lease, including the Department, will review any such claims before the lease is finalized. The lease files are available for viewing at the Salem office of the Water Resources Department. If you have questions or comments please contact the Lease Specialist at 503-986-0898.

--

Transfer Applications: Regular

The holder of a water right may apply to permanently change an existing water use subject to transfer as defined in ORS 540.505(4). An application may involve any of the following changes: Point of diversion or appropriation; Additional point of diversion or appropriation; Historic POD; Place of use; Character of use; Instream; Substitution; or Exchange.

The Department seeks public comment on the recently-filed transfer applications listed below. Any person may comment on a transfer application. Comments must be received by the Department on or before August 13, 2020. Any person who provides comments within the comment period will receive a copy of the Department's preliminary determination of whether the application should be approved or rejected after the Department has completed a review of the application and will be provided an opportunity to protest the application and preliminary determination at that time.

Transfer Preliminary Determinations

A Preliminary Determination provides the Department's conclusion as to whether a proposed change in place of use, point of diversion or appropriation, or character of use of an existing water right should be approved. Changes of water rights may be proposed in an application for transfer (including instream, historic POD, exchange, substitution or ground water registration modification).

The Department has issued preliminary determinations on the transfer applications listed below. In addition to this notice, the Department is complying with ORS 540.520(2) that requires publication of notice in a local newspaper for all transfers except those proposing a change in place of use only or a change in point of diversion of less than ¼ mile where there are no intervening diversion points.

Any person may protest the application and preliminary determination or may file a standing statement. Pursuant to OAR 690-380-4030(3) and OAR 690-382-0900, protests must raise all reasonably ascertainable issues and include all reasonably available arguments supporting the person's position. In addition, protests must be accompanied by a \$810 protest fee for non-applicant and \$410.00 protest fee for applicant. Call (503) 986-0815 to obtain additional information. Protests must be received by the Department on or before August 13, 2020, or within 30 days of the last date of publication in a newspaper, whichever is later. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

[T-13118](#) filed by Six Shooter Ranch LLC, 2357 Hillside Road, Richfield, WI 53076, proposes an additional point of diversion and a change in place of use under Certificate 25796. The right allows the use of 1/40 cubic foot per second per acre irrigated to June 1 and 1/80 cubic foot per second per acre thereafter; further limited to one acre-foot per calendar month to June 1 and four acre-feet per acre during season April 1 to September 30 from a spring in Sec. 9, T11S, R22E, WM and Girds Creek for irrigation in Sec. 4, T11S, R22E, WM. The applicant proposes an additional point of diversion in Sec. 4, T11S, R22E, WM and to change the place of use to Sects. 4 and 9, T11S, R22E, WM. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000.

[T-13080](#) filed by B. Davidson Farms, LLC, c/o Bruce and Shannon Davidson, 549 Turnberry Ave, Woodburn, OR 97101, proposes an additional point of appropriation and modification in place of use under Groundwater Registration Application GR-3467 (Certificate of Registration GR-3207). The registration allows the use of 350 gallons per minute from a well in Sec. 28, T4S, R2W, WM for irrigation in Sec. 28, T4S, R2W, WM. The applicant proposes an additional point of appropriation in Sec. 28, T4S, R2W, WM and to modify the place of use to Sects. 28 and 29, T4S, R2W, WM. The Water Resources Department proposes to approve the modification, based on the requirements of ORS Chapter 540 and OAR 690-382-1000.

[T-13351](#) filed by Robinson Best LLC, PO Box 769, Arbuckle, CA 95912, proposes a change in point of appropriation under Certificate 85309. The right allows the use of 0.89 cubic foot per second from a well in Sec. 8, T33S, R7.5E, WM for supplemental irrigation in Sec. 8. The applicant proposes to move the point of appropriation to Sec. 8, T33S, R7.5E, WM. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000

[T-13278](#) filed by Broadmead LLC, James D. and Heidi L. Harper, Members, 1150 Quimby St. Unit 334, Portland, OR. 97209, proposes a change in place of use under Certificate 87954. The right allows the use of 16.98 acre feet from Salt Creek in Sec. 11, T6S, R5W, WM, for irrigation in Sects. 11 and 14, T6S, R5W, WM. The applicant proposes to change the place of use to Sec. 11, T6S, R5W, WM. The Water Resources Department proposes to approve the transfer, based on the requirements of ORS Chapter 540 and OAR 690-380-5000.

IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.

Transfer Applications: Permit Amendments

The holder of a water right permit may apply to change a point of diversion or appropriation or to change the place of use pursuant to ORS 537.211 (4).

Notice is given that the following applications for Permit Amendments have been received by the Department. If the proposed change in point of diversion or appropriation is for a distance greater than 1/4 mile or includes intervening diversion points, notice also will be published in a local newspaper.

Notice of Receipt of Recommendation to Consent to Injury for Water Right Transfer T-10898

T-10898 filed by Blue Mountain Angus, LLC, C/O Steve and Carolyn Mullin, 64444 Indian Creek Road, Prairie City, OR 97869 proposes a change in point of diversion and a change in place of use under Certificate 25844. The right allows the use of one-tenth of a cubic foot per second per each one thousand head of stock from Indian Creek in Sec. 3, T14S, R33E, WM for stock use in Sec. 28, T13S, R33E, WM.

The applicant proposes to move the point of diversion approximately 2640 feet upstream on Indian Creek in Sec. 10, T14S, R33E, WM. The Water Resources Department determined that the transfer would injure instream water right Certificate 64193. The Oregon Department of Fish and Wildlife (ODFW) concluded that the transfer would result in net benefits to the resource if conditioned as follows:

- a) The permittee shall not construct, operate, or maintain any dam or artificial obstruction to fish passage without obtaining approval from Oregon Department of Fish and Wildlife (ODFW). The permittee is hereby directed to contact an ODFW Fish Passage Coordinator prior to construction of any in-channel obstruction or prior to diversion of water that may create an artificial obstruction due to low flow.
- b) The permittee shall install, maintain, and operate fish screening on the new point of diversion consistent with current Oregon Department of Fish and Wildlife (ODFW) standards. Fish screening is to prevent fish from entering the proposed diversion. The required screen is to be in place and functional, and approved in writing by ODFW prior to diversion of water. The permittee is hereby directed to contact the ODFW Fish Screening Coordinator prior to diversion of water. The new point of diversion is currently equipped with an appropriate fish screen.
- c) If the riparian area is disturbed in the process of developing the new point of diversion, the permittee shall be responsible for restoration and enhancement of such riparian area in accordance with the Oregon Department of Fish and Wildlife's Fish and Wildlife Habitat Mitigation Policy OAR 635-415. Prior to development of the new point of diversion, the permittee shall submit, to the Oregon Water Resources Department, a Riparian Mitigation Plan approved in writing by ODFW unless ODFW provides documentation that riparian mitigation is not necessary. The permittee shall maintain the riparian area for the life of the permit and subsequent certificate per the approved Riparian Mitigation Plan. If ODFW determines the riparian area is not being maintained, and is unsuccessful in working with the water user to fulfill the obligation, ODFW may request that OWRD regulate the use of water until OWRD receives notification from ODFW that the mitigation is sufficient. The permittee is hereby directed to contact the local ODFW Fish Biologist prior to development of the new point of diversion.
- d) Construction must occur during the established in-water work period (July 15 - August 15) unless otherwise approved by ODFW.

<p>IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.</p>
--

- e) The applicant shall contact ODFW if any issues arise regarding proper function of the fish screen in John Long Ditch and/or the fish passage structure in Indian Creek at John Long Ditch during October-May.
- f) There is currently an ODFW-approved and maintained rotary drum screen in the John Long Ditch and a lay-flat stanchion fish passage structure in Indian Creek. Contacting ODFW during October-May, if issues arise at these structures, is being recommended due to the uncertain nature of maintaining these structures during freezing temperatures in the winter months. Failure of the fish screen and/or passage structure would diminish the benefits derived from this transfer.

The Oregon Parks and Recreation Department (OPRD) concurs with ODFW's finding that overall the project provides a net benefit which offsets the injury to the instream water right caused by this transfer. OPRD supports ODFW's analysis and recommendations dated June 9, 2020.

Copies of the OWRD's Preliminary Determination proposing denial of the transfer and ODFW's and OPRD's recommendations are available for viewing at the Salem office of the Water Resources Department. Any person may review the recommendation and submit written comments or may submit a written request for a public meeting to review the recommendation. The comments or request for a meeting must be received by OWRD on or before August 14, 2020.

OWRD will provide copies of any comments submitted in response to this notice to ODFW and OPRD. If a meeting is requested, OWRD will schedule a joint public meeting with ODFW and OPRD to review the recommendation.

To review the recommendation, contact Kelly Starnes at 503-986-0886 or e-mail Patrick.K.Starnes@oregon.gov. Written comments and requests for a public meeting should be mailed to Attn: Kelly Starnes, Water Resources Department, 725 Summer St NE, Suite A, Salem, OR 97301-1266 or faxed to 503-986-0901.

<p>IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.</p>

Water Management and Conservation Plans

The Department is required to give notice and to invite public review and comment on Water Management and Conservation Plans submitted pursuant to OAR Chapter 690, Division 086. The Department will consider all public comments in its review of the draft plan and will report the results of the review to the water supplier 90 days from the time the plan was submitted.

Any person may review and comment on a draft plan on or before August 13, 2020.

The plans may be viewed electronically at [WMCP Public Notice](#). Comments should focus on elements in the draft that do not meet the requirements of OAR Chapter 690, Division 086 and should include suggestions on how to bring the draft into compliance with the rules.

Plans have been submitted by the following agricultural and municipal water suppliers:

Tualatin Valley Irrigation District (Agricultural)

To review any of the above plan(s) or to provide comments on the plan(s), contact Kerri H. Cope at 503-986-0919 or Kerri.H.Cope@oregon.gov.

IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.

Water Management and Conservation Plan Progress Reports

Pursuant to OAR 690-086-0120(4) and (5), the Department is required to give notice of progress reports on Water Management and Conservation Plans.

Any person may review and comment on these progress reports. The Department requests that comments be submitted no later than 30 days after the date of this notice.

Progress reports have been submitted by the following municipal supplier(s):

City of Mount Angel (Municipal)

To review any of the above progress report(s) or to provide comments on the progress report(s), contact Kerri H. Cope at 503-986-0919 or Kerri.H.Cope@oregon.gov.

IMPORTANT: Due to COVID-19, the Department's office is closed to walk-in services. The Department encourages the submission of protests by U.S. mail. Please consider mailing early to ensure the Department receives the protest by the deadline specified.

OREGON WATER RESOURCES DEPARTMENT

725 Summer Street NE Suite A
Salem OR 97301

PUBLIC NOTICE OF WATER USE REQUESTS
July 14, 2020

Use this form to offer comments on water use requests or other items in this notice, or to order copies of proposed and final orders. You are welcome to submit comments on a separate sheet, but please be sure to include your name and address and reference the specific request or document that concerns you. Please mail your comments to the address listed above.

Alternatively, you may use our new Public Comment tool available on our website. Go to our website: <http://apps.wrd.state.or.us/apps/wr/wrinfo/>, and enter identifying information about the application. On the Water Rights Information Query Results page, use the "Submit a Public Comment" link, or under 'View all Scanned Documents' use the "Submit a Public Comment" link.

Water Use Request Type & File Number

(e.g. "Permit Application G-12345" or "Transfer T-1234"):

Mail me the order

(payment enclosed)*
