Re: Well ID Number Application

Greetings:

Attached is the information required by the Oregon Water Resources Department to register two wells located at the Dow AgroSciences Facility located in Woodburn, Oregon. The facility is requesting that the agency process this application and add the two wells into the State Database. Once we receive the well identification tags, they will be installed on the well as required by state law. Please contact myself (503-213-2087) or Mr. Isaac Serbin (320-523-3223) with any questions on this application.

Regards,

A handwritten signature in black ink, appearing to read "Tyler Spurgeon".
