To whom it may concern:

An writing regarding well at, Ted Hull's, Rt. 1, Box 107, Redmond, OR 97756, Start Card #27305, Township 14 S, Range 14 E, Section 27, NE 1/4 of SW 1/4.

On April 11, 1994 Larry Carey called to inform me that the above mentioned well had not been completed or was never sealed. I explained to him that on or about November 1, 1992. I went to Mr. Hull's. He informed me he was having someone else come in and finish the well. I took the drilling machine at that time. I also told Larry Carey, I would find out what was going on and call him back.

In the a.m. on April 11, 1994, I went to talk to Mr. Hull. He said he did not want to seal it he was having Percussion come and finish the well.

I came home contacted Larry Carey by phone to tell him of my conversation with Mr. Hull. Mr. Carey then called the state to find out what to do. Mr. Carey called back, informed me to tag the well as is and to send this letter of explanation.

I want it known I'm not refusing to finish this above mentioned well. Mr. Hull is refusing to allow me to complete it.

Sincerely,

Wayne Thomas Buchner
