FINAL ORDER

Dear Mr. Wright:

The Special Standard request you submitted for owner: City of Sherwood, Start Card numbers 1007254 thru 1007262, is hereby approved for the following: You may abandon these dewatering wells by pulling out the casing and backfilling the remaining boreholes with unhydrated bentonite to land surface. All other standards must be adhered to. A copy of your Special Standard Request Form is enclosed.

The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.

If you have any questions regarding this letter, I may be contacted at (503) 986-0851, or by e-mail at Kristopher.R.Byrd@wrdd.state.or.us.

Sincerely,

Kristopher Byrd, Coordinator
